AT THE COUNTER

Made for the way you sell

Bill a first visit with prakriti assessment, a nadi pariksha, a 45-minute Abhyangam, a Kati or Janu vasti and a 7-sitting treatment course at the front desk, with the patient, the Vaidya and the therapist on the line. Each course opens on the Course board until its last sitting, the clinic's Kashayam, Gulika and oils sell from stock, and the Ayurveda dashboard shows each therapist's sessions and the courses running late.

Consultations with nadi pariksha

First visits with prakriti assessment, follow-ups, nadi pariksha and online consultations, each billed to the patient by name.

Therapies by the session

Abhyangam, Shirodhara, Kati, Greeva and Janu vasti, Elakizhi and herbal steam, with the therapist on the line.

Day-care Panchakarma

Nasyam, Matra and Kashaya vasti and day-care Virechana as their own services, so you see what each brings in.

Course board

Every paid course moves from sold to in treatment, all sittings done and closed, so no patient's sittings are forgotten.

Prakriti assessment

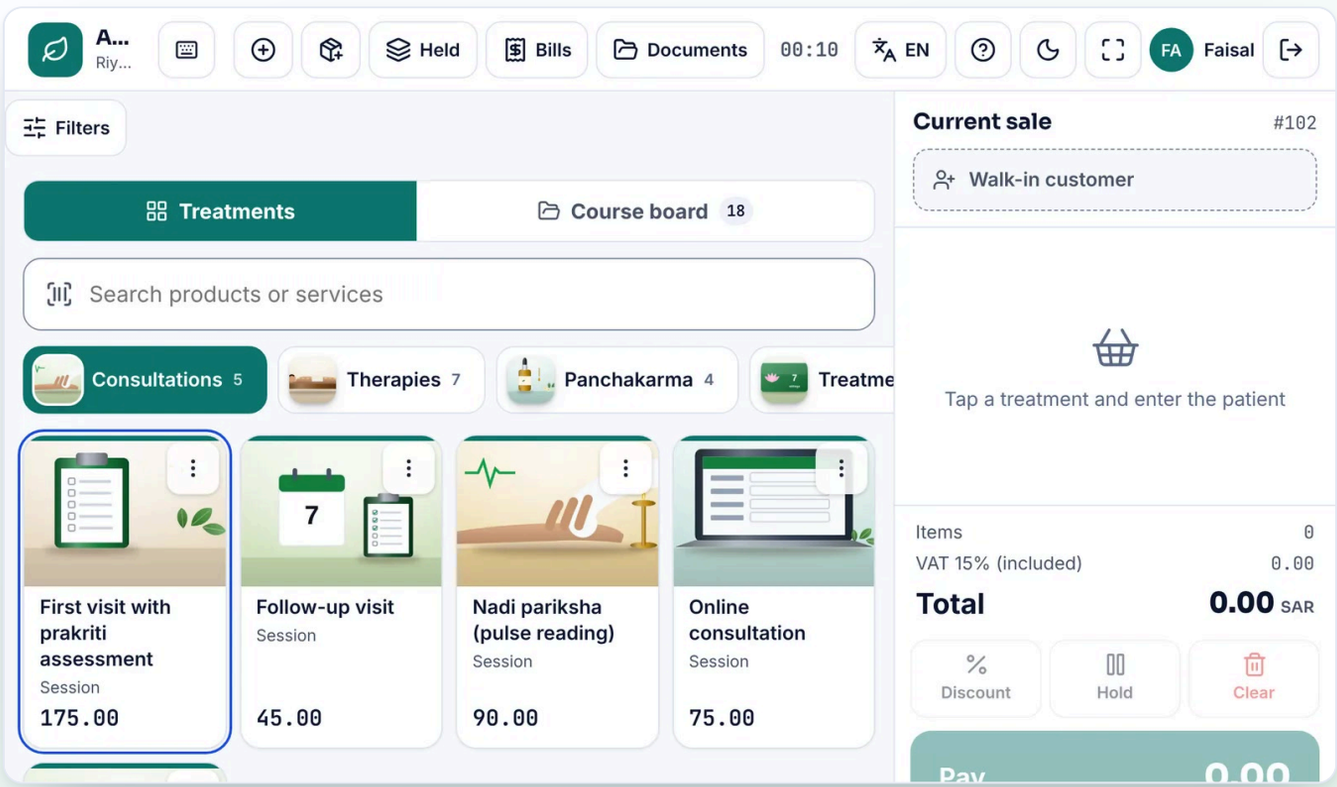

With the Prakriti & dosha assessment add-on the Vaidya scores Vata, Pitta and Kapha from 20 questions; only clinical staff open it.

Therapist and room schedule

With the Panchakarma & therapy schedule add-on each course is booked day by day and no therapist or room is booked twice.

Ideal for

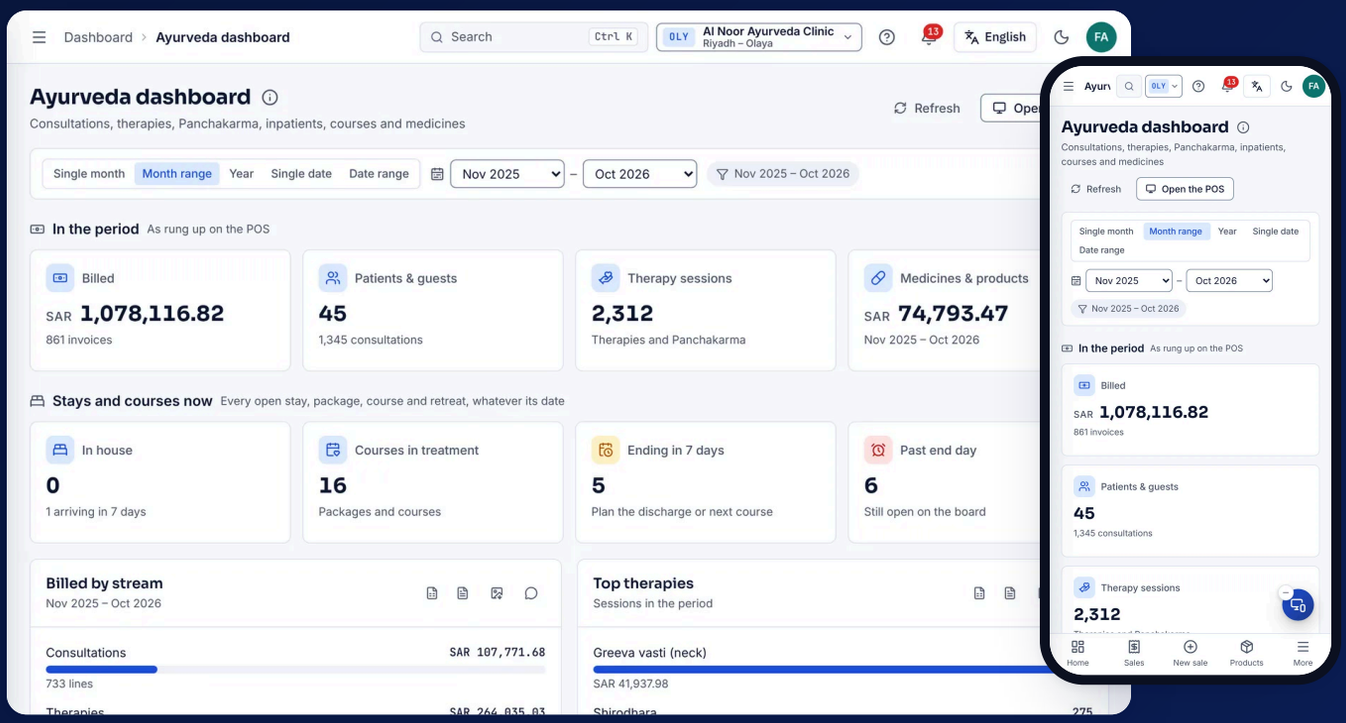

- Ayurveda clinics and dispensaries
- Day-care Panchakarma centres
- Vaidyas in private practice
- Integrative and wellness clinics

Can I sell a course of sittings and follow what is left?
Yes. Sell the course with the first and last sitting day; it opens on the Course board and moves on to all sittings done and closed.

Can I keep patient files?
Yes, with the Patient records add-on: each patient's file and visits with ICD-10 diagnoses, open only to clinical staff.
