AT THE COUNTER

Made for the way you sell

Find Dhanwantharam Kashayam, Ashwagandharishtam, Ksheerabala Thailam or Chyavanaprasam by name or barcode, sell it by the bottle, jar or pack, and see its dosage form and size on the line. Record each delivery's batch and expiry, so the expiry board shows what to sell or return first, and keep the AYUSH licence with its renewal date. Every sale shows on the Ayurveda dashboard.

Search by formulation

Type the classical name or scan the barcode: every formulation is listed with its form and pack size.

Kashayam to Lehyam

Kashayam, Arishtam and Asavam, Thailam, Ghritham, Choornam, Gulika and Lehyam as their own dosage forms, plus herbal personal care.

Batch and expiry

With the Batch & expiry add-on each delivery keeps its batch and expiry, and the expiry board shows what is close to expiry.

Prescription items marked

The few formulations with a Schedule E1 ingredient are marked Rx, so the cashier checks the Vaidya's prescription.

Batches made in house

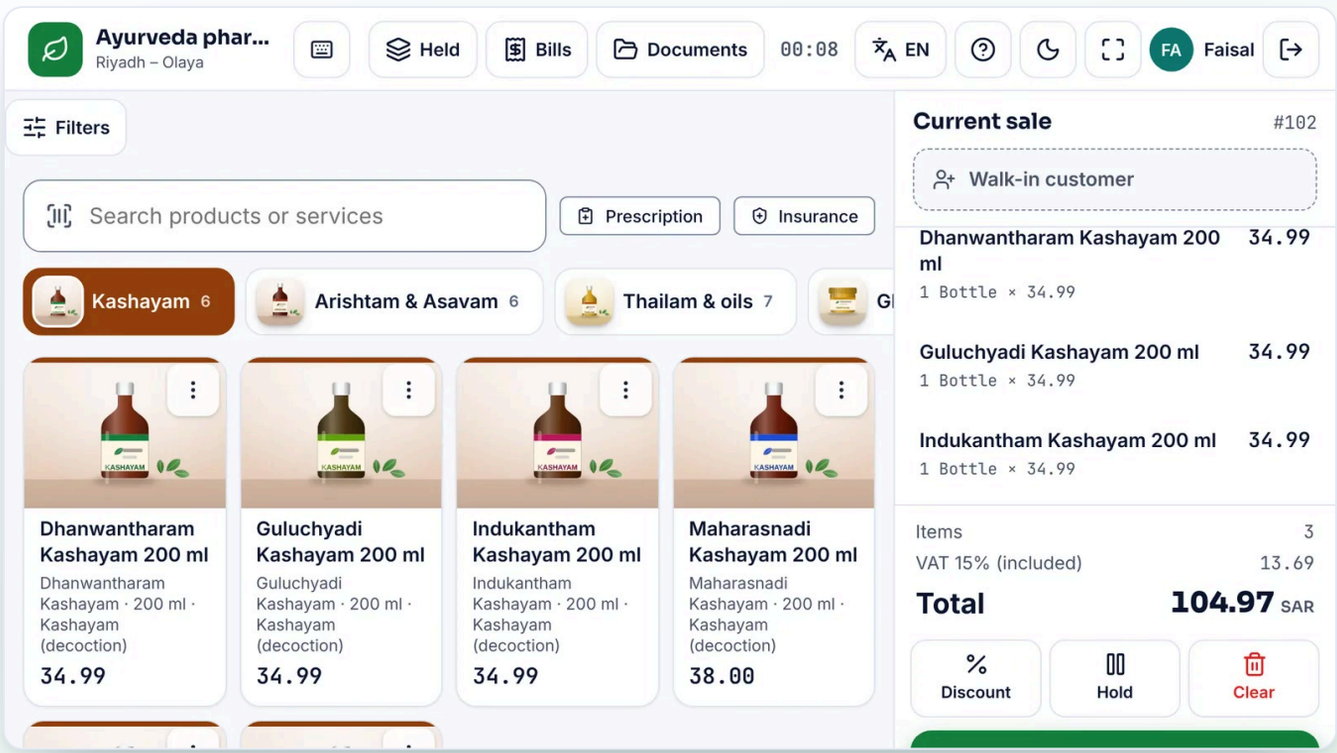

With the Ayurvedic batch manufacturing add-on each Kashayam or Arishtam you make keeps its ingredients, method, QC and the expiry Rule 161B allows its form.

Ayurveda dashboard

Sales by Kashayam, Arishtam, Thailam and the other forms, the best sellers and the stock to reorder on one dashboard.

Ideal for

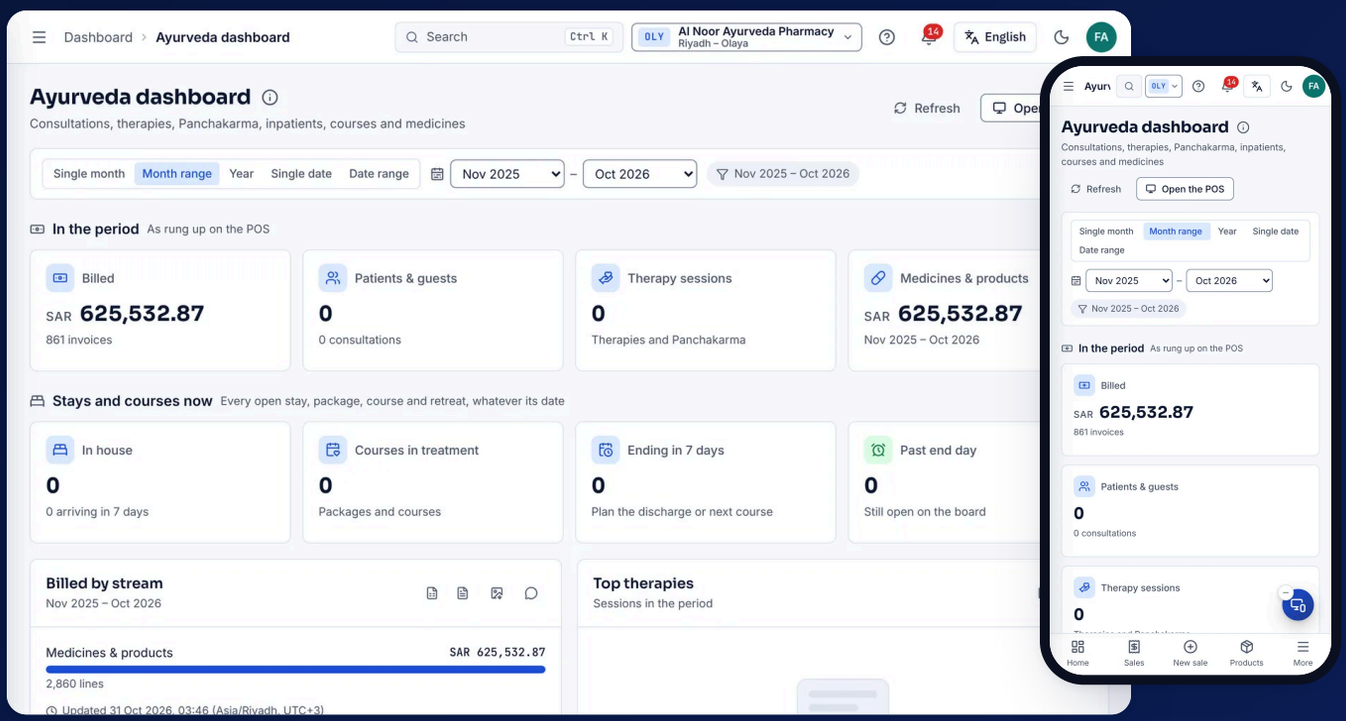

- Ayurveda pharmacies and medical shops
- Ayurveda manufacturers' retail outlets
- Herbal and natural medicine stores
