AT THE COUNTER

Made for the way you sell

Feed a company's workers at a labour camp, a project site or a hospital canteen on contract: keep each site's rate per head for breakfast, lunch and dinner with its minimum, type the day's headcount in a few taps, and bill the whole month in one invoice when it closes. The board tells the kitchen how many meals to cook tomorrow and shows the days with no headcount yet. Event orders, meal boxes, buffets per guest, trays and waiters go through the same counter to the main kitchen, the cold kitchen or packing & dispatch, with recipes and food cost on every dish.

Mess contracts per site

Each site's client, rate per head of each meal before VAT and the minimum heads billed, with a 7 to 28-day menu cycle.

Daily headcount

Type the heads fed at breakfast, lunch and dinner each day; the board shows the days still missing.

One invoice a month

Bill month makes the month's invoice, a line per meal at the rate per head, reported to ZATCA like any sale; the month then locks.

Tomorrow's meals for the kitchen

Each meal's latest headcount across the sites, so the kitchen cooks the right number.

Event orders and delivery

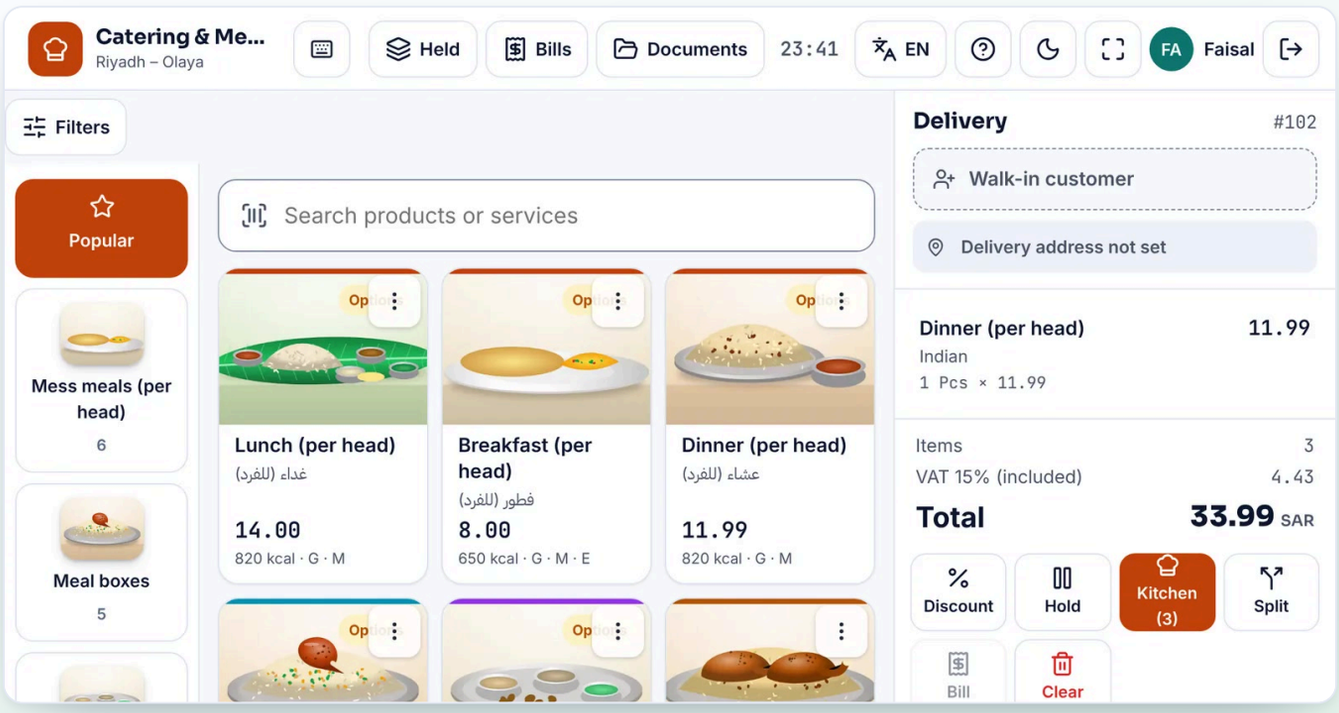

Buffets per guest, trays, meal boxes and waiters on one order, delivered to the site with the driver, from three kitchen stations.

Food cost and the catering dashboard

Recipes cost every meal from its ingredients; the dashboard shows orders by source and hour, the top meals and the food cost.

Ideal for

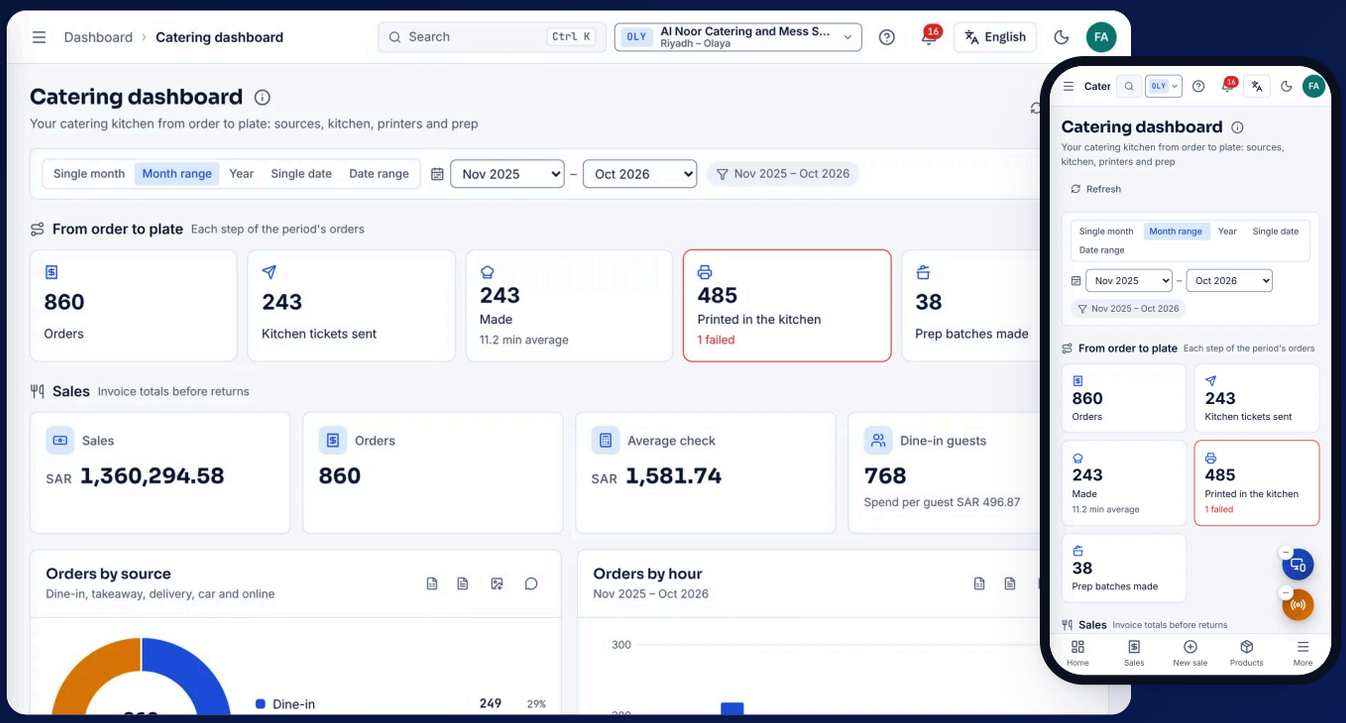

- Labour camp and site mess contractors
- Hospital, school and company canteens
- Event and wedding caterers
- Central kitchens sending meal boxes

COMPLIANCE

ZATCA Phase 2 e-invoicing, built in

- **Cleared and reported.** Tax invoices are cleared and simplified invoices reported, with the status on every invoice.
- **QR code and signed XML** on every invoice, printed or sent on WhatsApp and email.
- **Bilingual tax invoices** in Arabic and English with your CR and VAT numbers.
- **Offline till.** Keep selling when the internet drops; invoices go to ZATCA when you are back online.
- **VAT 15% reports** ready for your return, plus credit and debit notes.

Phase 2 comes with the ZATCA e-invoicing add-on; every store gets the Phase 1 QR code.

Questions owners ask

How do I bill a labour camp mess every month?
Add the Mess contracts & headcount add-on, keep the site's rate per head of each meal with its minimum, and record the headcount each day. When the month closes press Bill month: one invoice with a line per meal, each day's heads or the minimum when higher, at the rate.

Can I take event and wedding catering orders too?
Yes. Buffets per guest, trays and platters, meal boxes and event services (waiters, buffet setup, live cooking, delivery to the site, crockery hire) go on the same order; big orders and their kitchen batches go on the Kitchen production add-on.
