AT THE COUNTER

Made for the way you sell

Build every drink with size, milk, extra shots, syrup and ice, write the customer's name on the cup and call it out from the queue board, while the stamp card brings them back.

Drink builder
Size, milk type, sugar, extra espresso shots, syrups, temperature and ice level on every drink.

Specialty and Saudi qahwa
Pick beans for V60 and specialty brews, and spice and dates for a Saudi coffee dallah.

Order queue board
Orders move from Preparing to Ready (call out the name) to Collected.

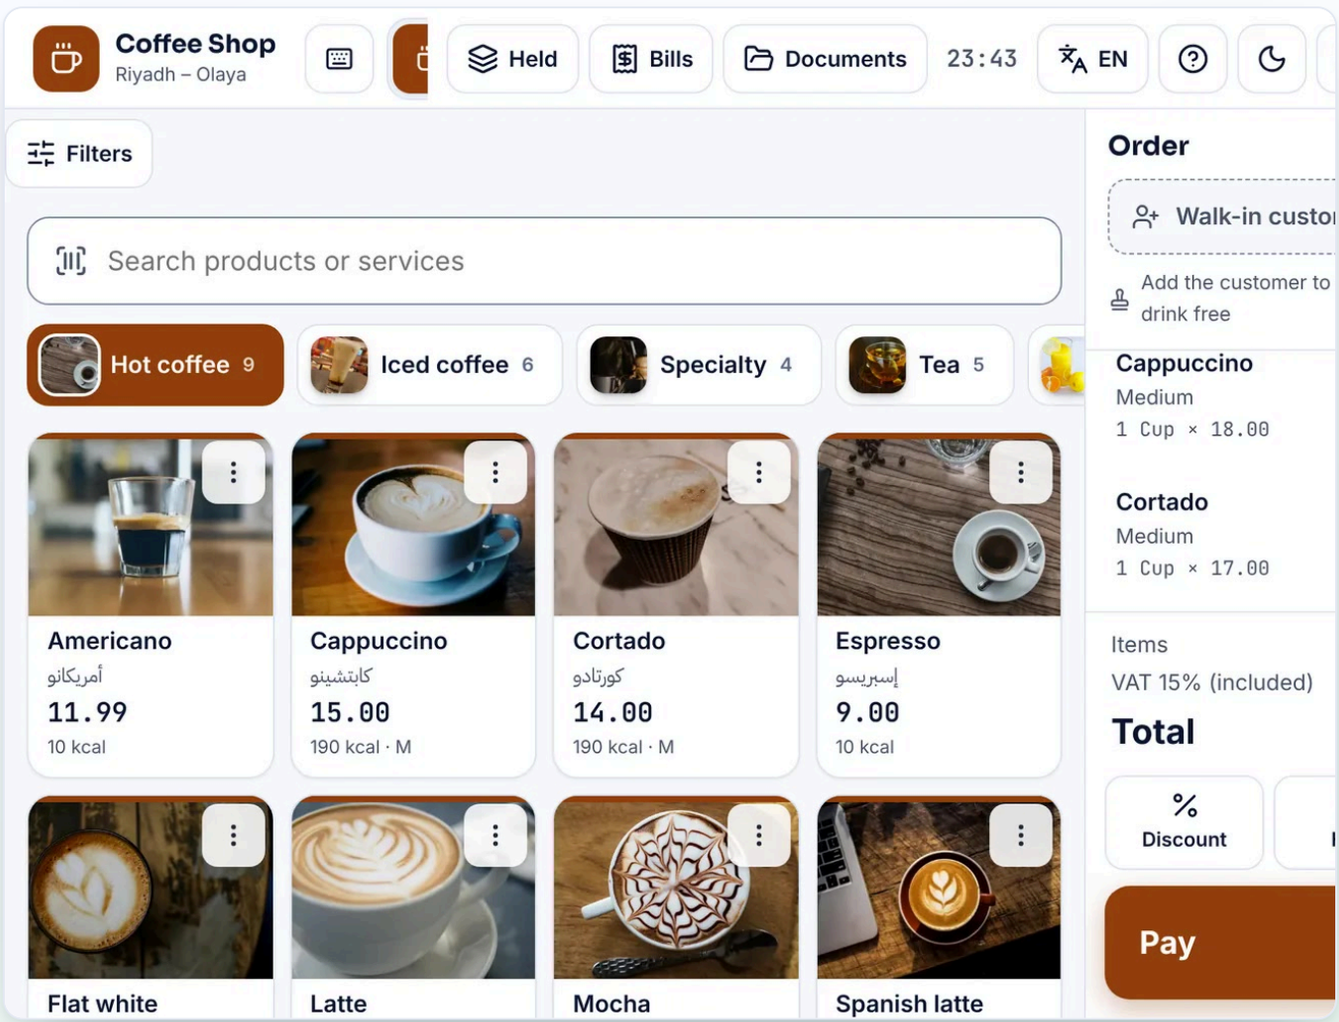

Name on the cup
Capture the customer's name with the order so the barista labels the right cup.

10th drink free
A digital stamp card rewards regulars and redeems the free drink in the cart.

Repeat last order
Regulars get 'the usual' in one tap.

Ideal for

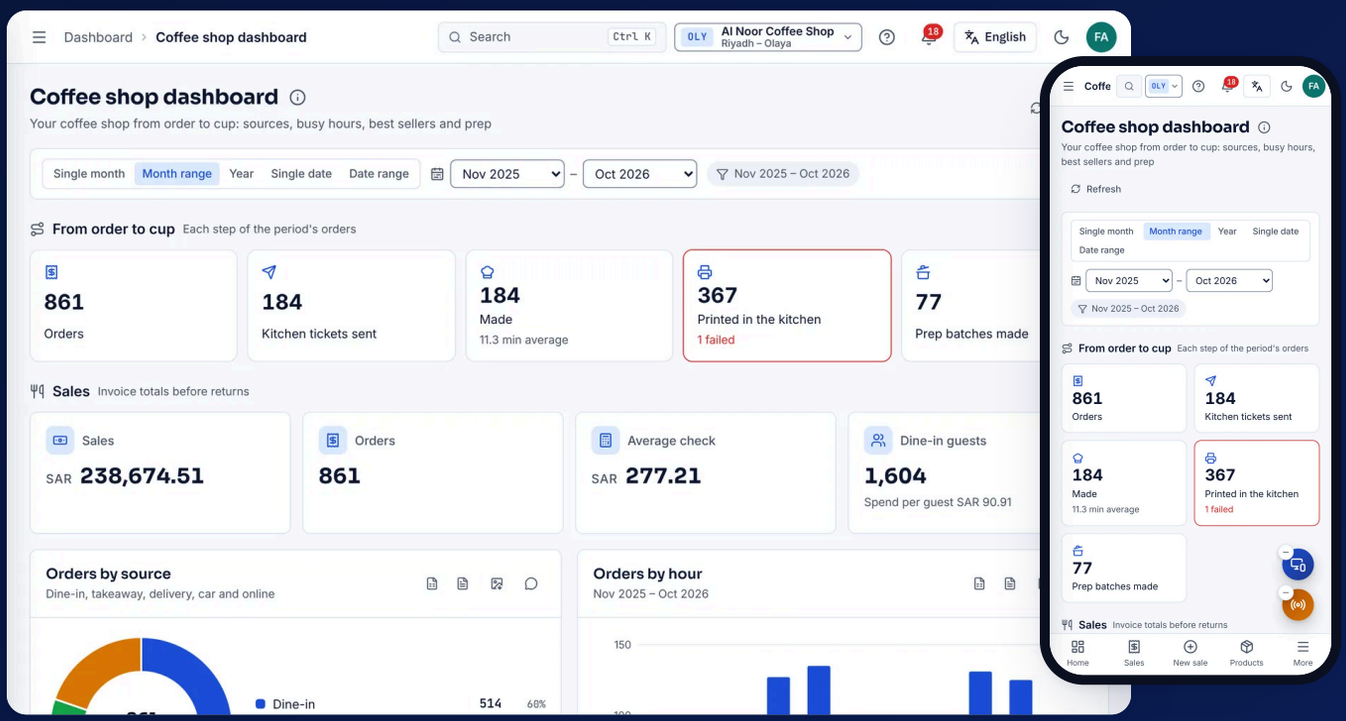

Specialty coffee shops · Drive-through kiosks · Bakery cafés · Saudi qahwa houses
