AT THE COUNTER

Made for the way you sell

Book the day for stylists, barbers and therapists, give each massage, Moroccan bath and facial a free treatment room, keep every client's colour formula and patch test, and sell packages and hair and skin products at the same desk.

One appointment book

A day timeline for every stylist, barber and therapist: book the client, services and time, then check in and bill.

Treatment rooms

Massage, bath, facial and spa-day bookings take a free room that fits, and a room is never booked twice at once.

Client cards

Colour formulas, patch test, allergies and preferences on each client; colour or waxing without a recent patch test is flagged first.

Ladies and gents

Ladies' hair and gents' hair and beard sections on one menu; a setting serves ladies only, gents only or both.

Packages and products

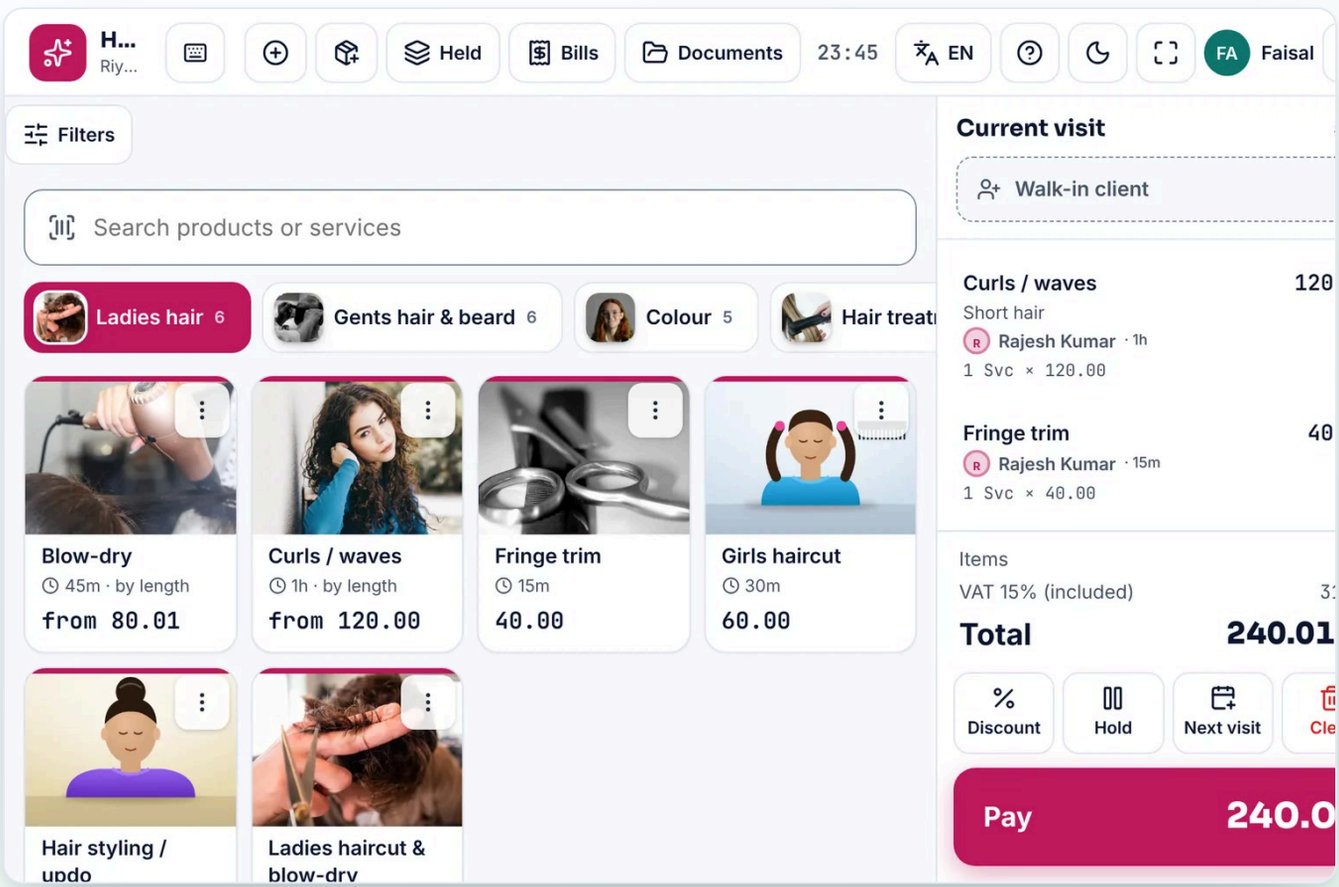

Sell massage, bath and blow-dry packages redeemed visit by visit, and hair and skin products from the same ticket.

Staff commission

Each stylist and therapist earns their own commission rate on the services they did.

Ideal for

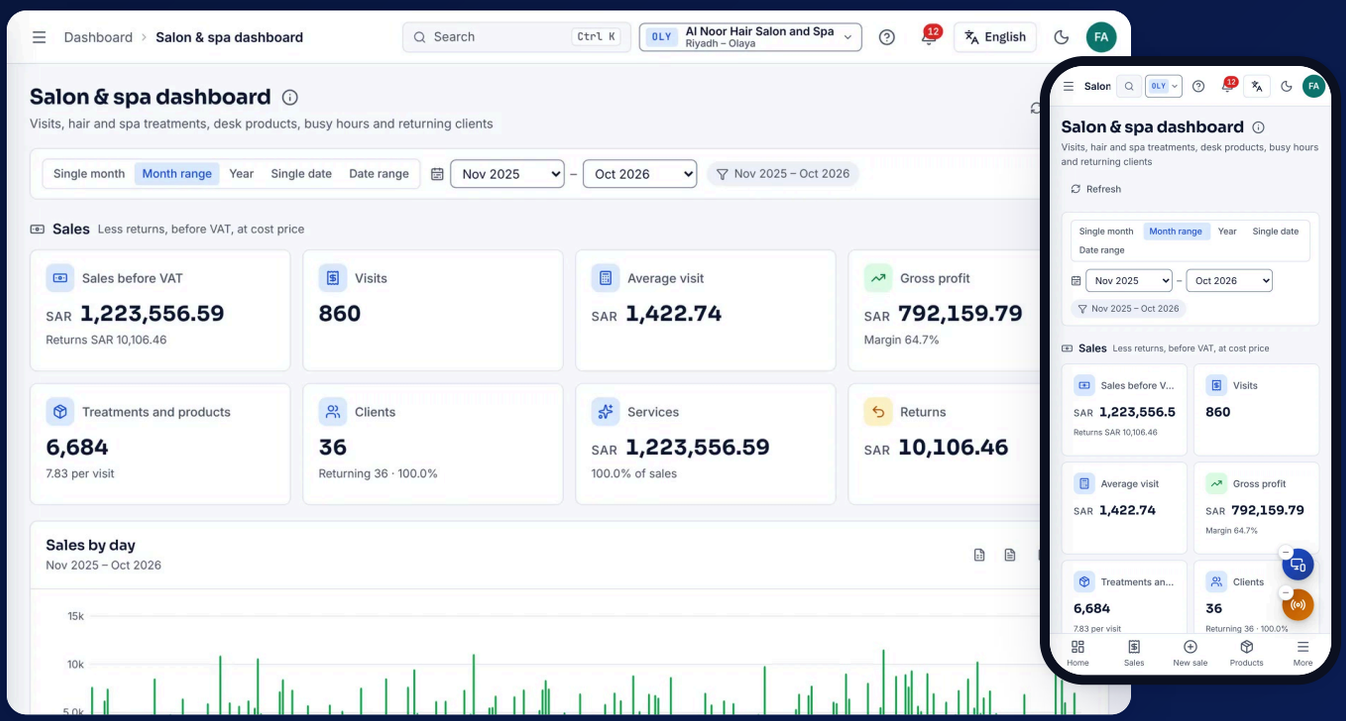

- Hair salons with a spa
- Day spas and hammams
- Gents salons and grooming lounges
- Hotel and resort spas

Questions owners ask

Can it serve both ladies and gents?
Yes. The menu has a ladies' hair section and a gents' hair and beard section beside the shared spa services; a salon that serves one side picks Ladies only or Gents only in its settings, and the other side's tab is hidden.

How are treatment rooms booked?
With the Spa rooms & client cards add-on, you list your rooms and what each takes; the booking offers only the rooms free at that time, and the Spa desk shows how full each room is today.
