AT THE COUNTER

Made for the way you sell

Ring up a single, double or triple scoop in a cup, cone or waffle cone, pick the flavours and the toppings in two taps, and sell soft serve, frozen yogurt, sundaes, waffles, crepes, take-home tubs, ice cream cakes and milkshakes. Waffles go to the waffle station and shakes to the shake bar, while the parlour and the terrace have their own tables.

Scoops, flavours and toppings

Single, double and triple scoops with each flavour, served in a cup, cone or waffle cone, and toppings like sauces, nuts, sprinkles or an extra scoop priced on their own.

Sundaes, soft serve and frozen yogurt

Hot fudge and strawberry sundaes, banana split, brownie sundae, affogato, soft serve cones and cups and frozen yogurt with its toppings.

Take-home tubs and ice cream cakes

Tubs of 500 ml or 1 L in any flavour, family packs and ice cream cakes with the writing on the cake, ordered ahead.

Batch-made ice cream base

With the Kitchen production add-on, make the vanilla base, the chocolate gelato base, the waffle batter and the fudge sauce in batches against a par for each weekday, and see what each batch cost.

Recipes and food cost

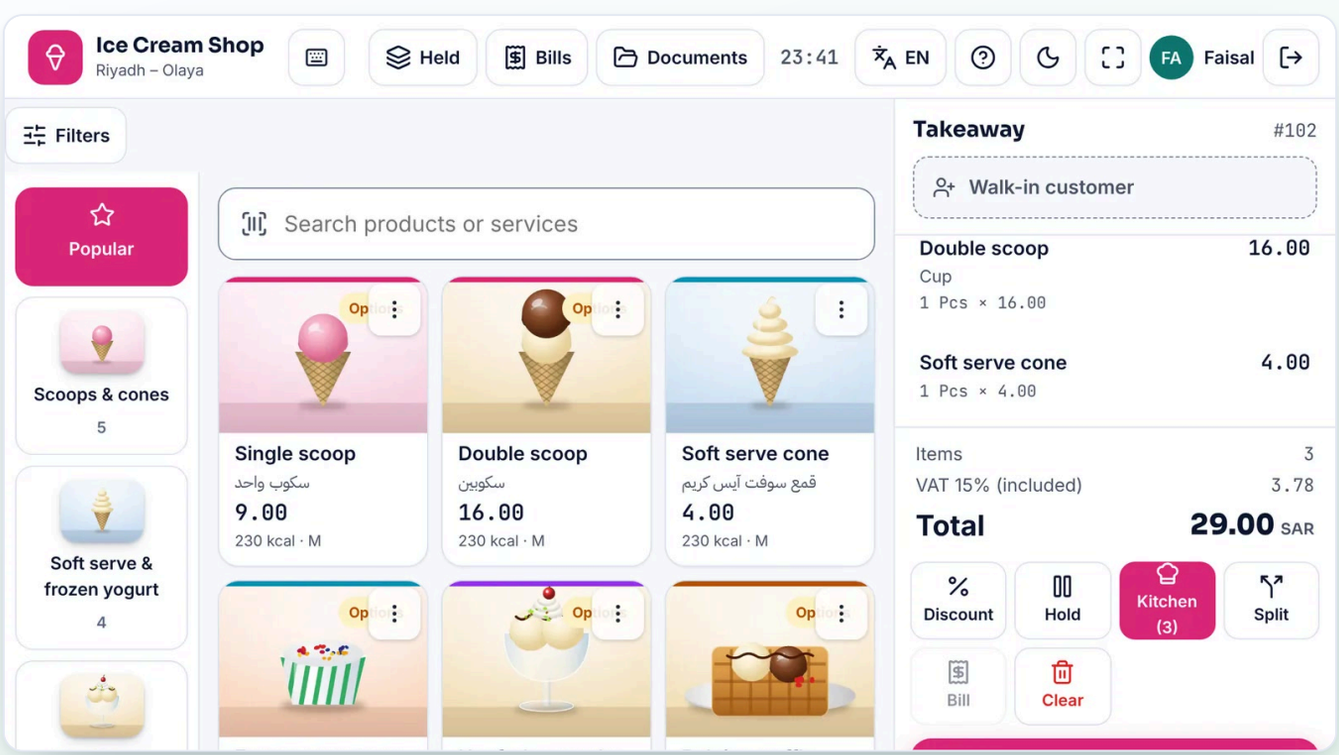

Each scoop, sundae and shake takes its cream, milk, sugar, cone or cup from stock, so you see the food cost of every item and the extra scoop.

Your busiest evenings

See sales hour by hour and by takeaway, dine-in and delivery app, so you staff the counter for the after-school and evening rush.

Questions owners ask

Can a customer mix flavours in one cup?
Yes. A double or triple scoop takes several flavours, and premium flavours like pistachio or salted caramel add their own price.

Does it track cones, cups and cream in stock?
Yes, with the Recipes & food cost add-on: every sale takes its cone or cup, cream, milk and sugar from stock, and the waste log keeps melted or broken stock.
