AT THE COUNTER

Made for the way you sell

Weigh 7.5 g of Cambodian oud, add a tola of dehn al oud, a box of Bakhoor Al Arais and an electric mabkhara, and print one VAT receipt. Every oud carries its grade and origin, the scale label scans straight in at its weight, and custom blends ring up as a service.

Oud by the gram or the tola

Type the grams off the scale, tap a quick 1, 5, 10 g or one-tola weight, or scan the scale's label: the price per gram does the rest.

Grade and origin on every oud

Super, grade A, grade B or muattar; Cambodian, Indian, Malaysian, Indonesian or Thai: on the product form and as filters on the till.

Dehn al oud by the tola

Quarter tola, half tola and full tola bottles of dehn al oud and Taifi rose, each with its own stock and purchase price.

Bakhoor, mabkhara and charcoal

Muattar, mamoul and dukhoon, electric, brass and wooden mabkhara, quick-light charcoal and mica plates, scanned or tapped.

Keyboard POS for Eid queues

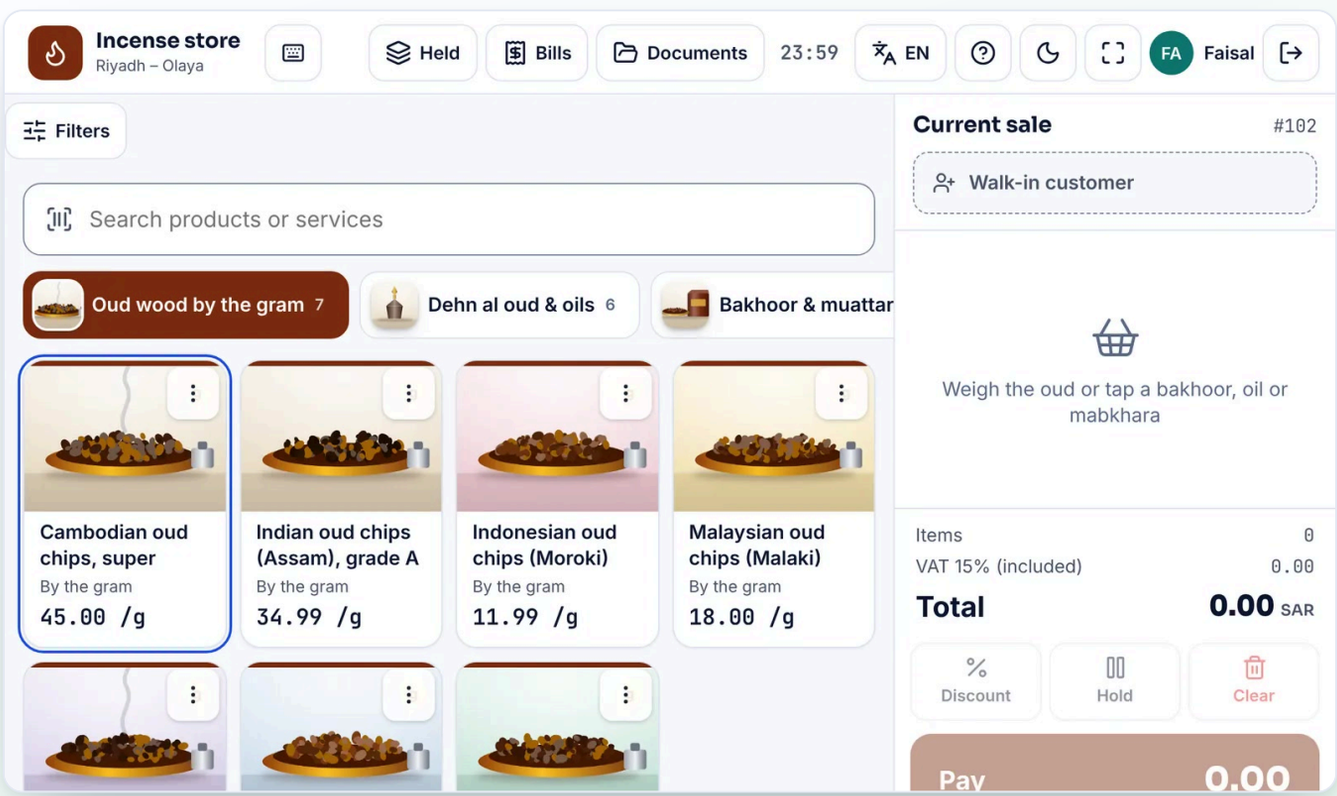

Type 5*2001 for five grams of oud, scan a bakhoor box and press F10 to pay: no mouse and no touch screen needed in the Ramadan and Eid rush.

Custom blends and gift boxes

Blend a customer's own bakhoor by the 100 g, pack an Eid box or a wedding oud chest, and add gift wrap and delivery to the same bill.

Ideal for

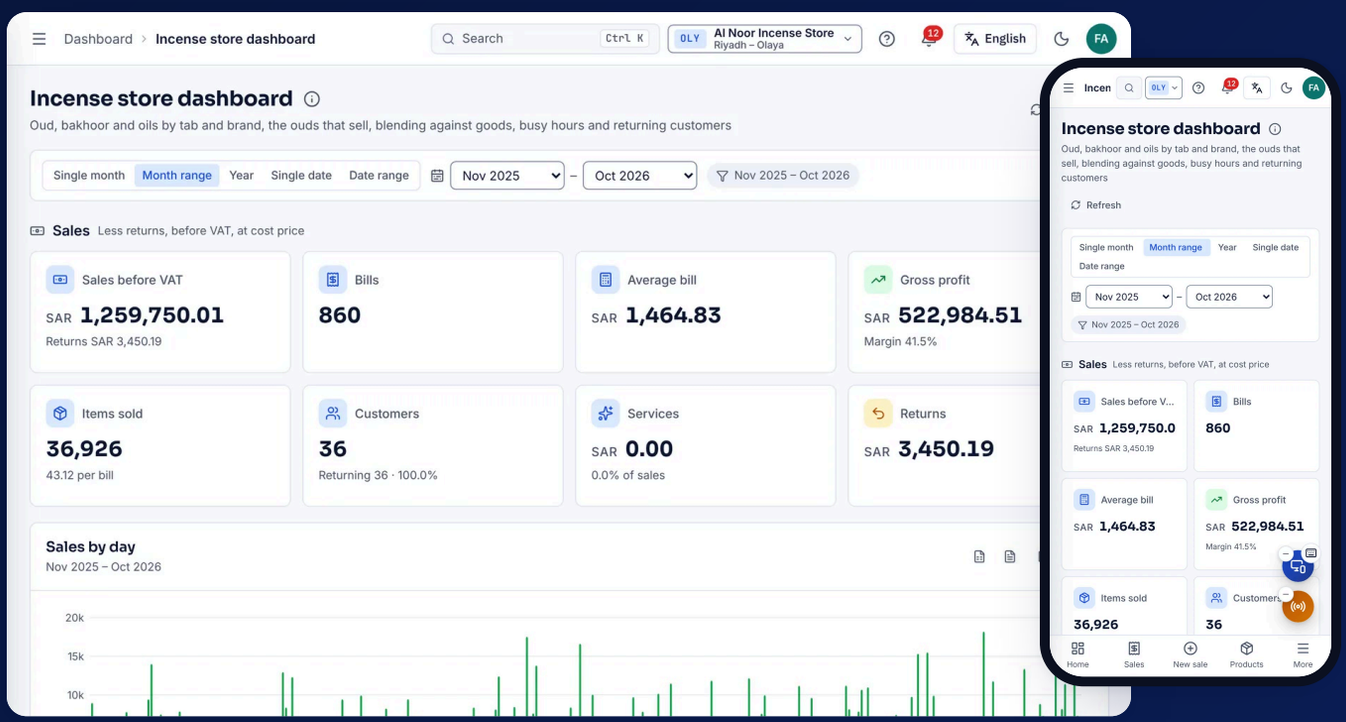

- Bakhoor and oud stores
- Oud wood traders by the gram
- Frankincense and luban shops
- Mabkhara and majlis gift stores

Questions owners ask

Can I sell oud chips by the gram?
Yes. Give the product the gram as its unit and its price per gram; the till asks for the weight, accepts a tola, and scale labels go on at their weight.

Is the incense store offered outside the Gulf?
It is offered to stores in Saudi Arabia, the UAE, Kuwait, Qatar, Bahrain and Oman. Elsewhere the perfume shop sells oud, attars and bakhoor.
