AT THE COUNTER

Made for the way you sell

Most of an Isuzu shop's customers run a D-Max or a light truck for work: pick D-Max, MU-X, NPR, NQR or FVR and the year, sell the filters, glow plugs, clutch kits and brake linings that fit, and put the fleet's parts on its account with a B2B tax invoice.

D-Max, MU-X and NPR trucks
The vehicle picker opens on Isuzu with the pickups and the N and F series trucks.

Genuine and aftermarket
Sakura, Akebono, Denso and NGK alternatives name the Isuzu numbers they replace.

Fleet accounts
Transport companies and contractors buy on account and get B2B tax invoices.

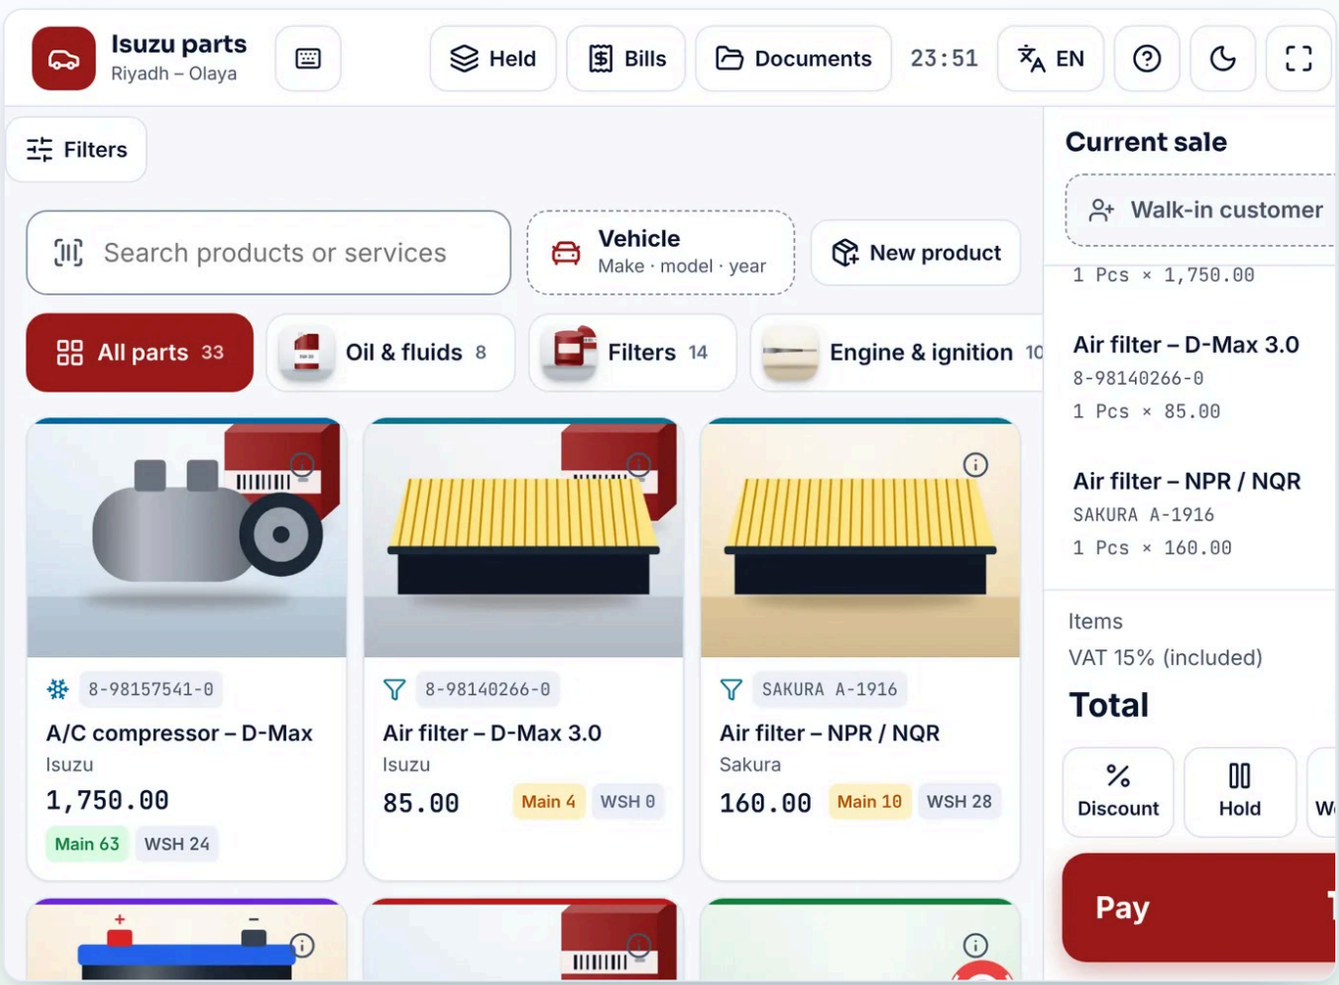

Spare parts dashboard
Top part numbers, genuine share and margin, and the filters and linings to reorder.

Stock by warehouse and rack
Heavy parts like leaf springs and drums in the back store, fast movers at the counter.

Counter sale to job card
Send a clutch or brake job to the workshop with its parts and labour.

Ideal for

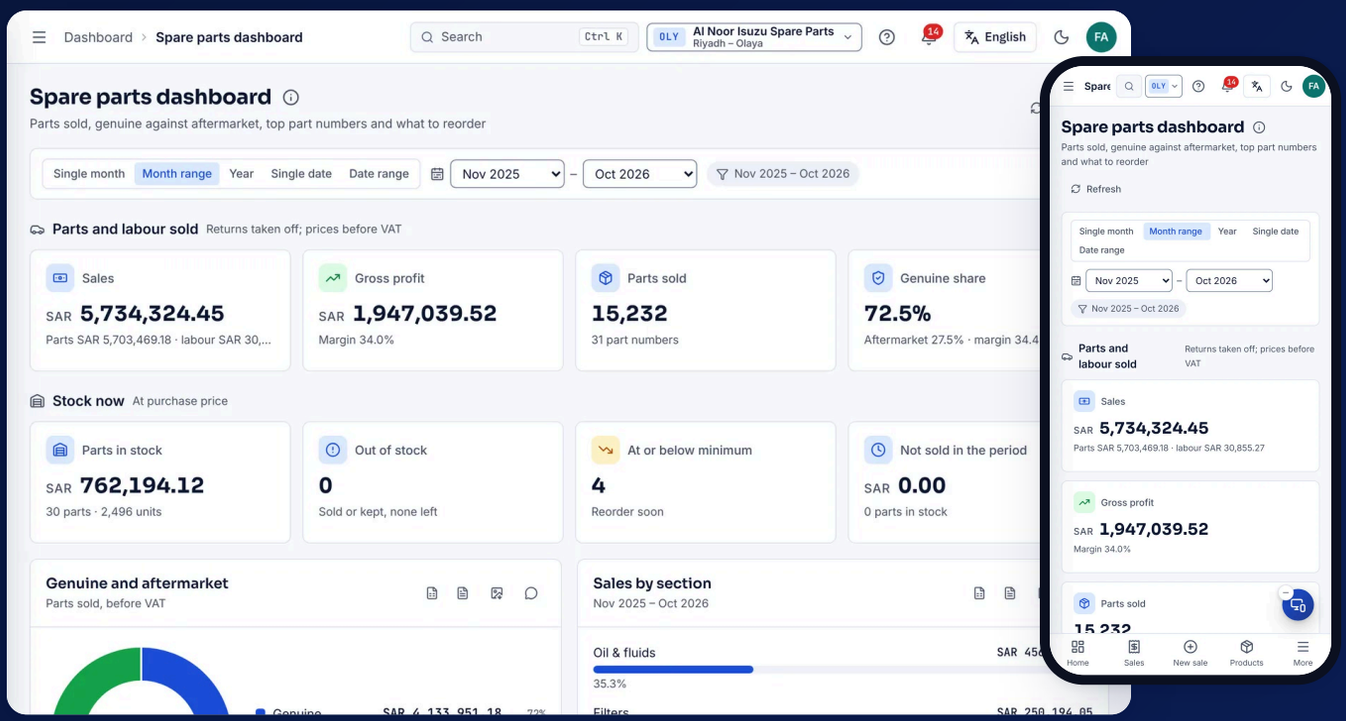

Isuzu parts shops · Light truck parts traders · Pickup fleet suppliers · Diesel service counters
