TRUCK & COMMERCIAL VEHICLE DEALER SOFTWARE

Software for truck showrooms and commercial vehicle dealers

New and used trucks, tractor heads, vans and buses by axle and GVW, sold to fleets with the chassis no., body, commercial finance or lease and trade-ins, bodies and trailers to order, permits, GPS and a deals board.

- ZATCA Phase 2
- Arabic and English
- Works offline
- Hijri and Gregorian dates
- StartAI built in

AT THE COUNTER

Made for the way you sell

Sell three 6×4 tippers to a haulage company at the price agreed: each with its chassis no. and body, on a fleet lease with a down payment over 36 months, the customer's old 4×2 truck taken in trade. A reefer body or a low-bed trailer is built to order with a delivery day, speed limiters, tachographs and GPS are fitted before delivery, and the Vehicle deals add-on follows every truck from booking to hand-over.

Trucks by axle, GVW and body

Light, medium and heavy trucks, tractor heads, vans and buses with axle, GVW, body and fuel on every product, and the chassis no. on the invoice line.

Fleet buyers on account

Haulage, construction and logistics companies buy on credit with limits, several trucks on one invoice, each with its own chassis no.

Commercial finance and fleet lease

Bank finance, in-house instalments or lease, with the down payment, months, monthly amount and trade-in on each deal.

Bodies and trailers to order

Box, reefer, tipper and flatbed bodies, cranes and trailers are taken with the buyer and the delivery day and followed on the Deals board.

Permits, limiters, tachographs and GPS

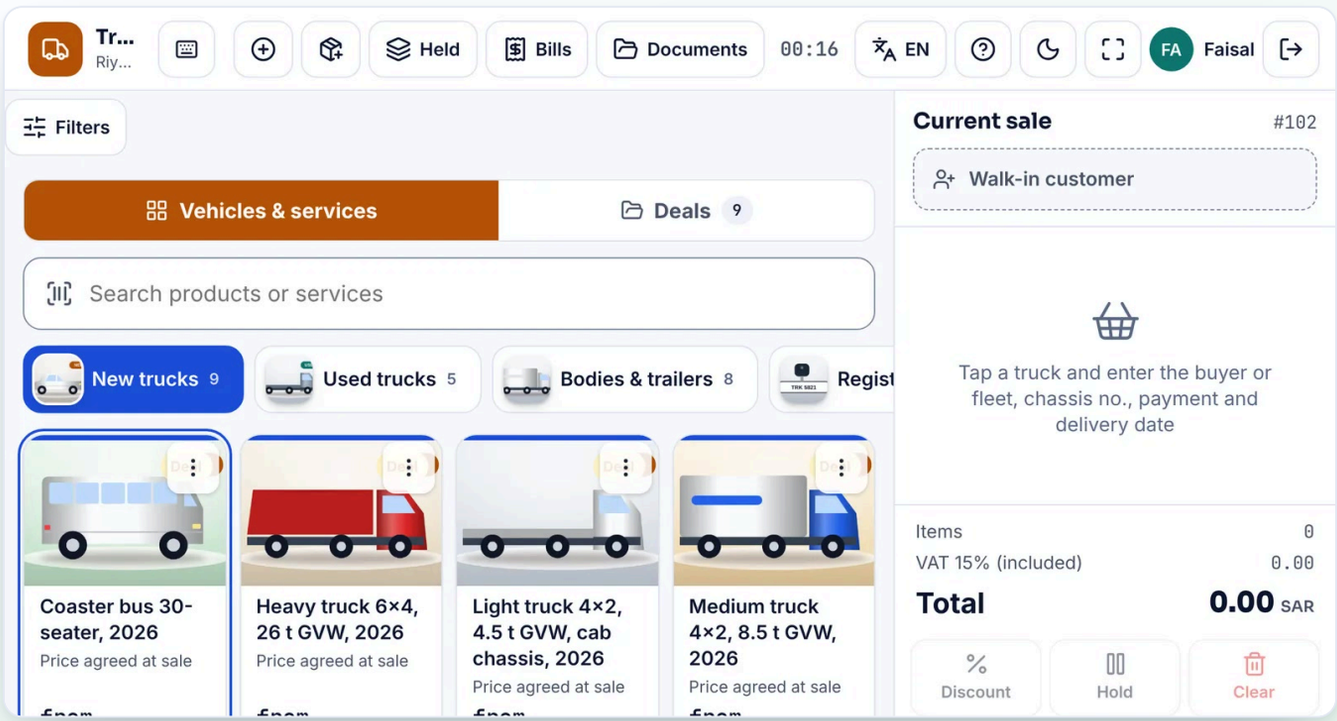

Registration, operating cards, speed limiters, tachograph calibration, GPS trackers, warranties and service contracts sell with the truck.

A deals board to delivery

Booked, finance and registration, ready and delivered: the Vehicle deals dashboard lists overdue trucks, the next 14 days and the balance still to collect.

Ideal for

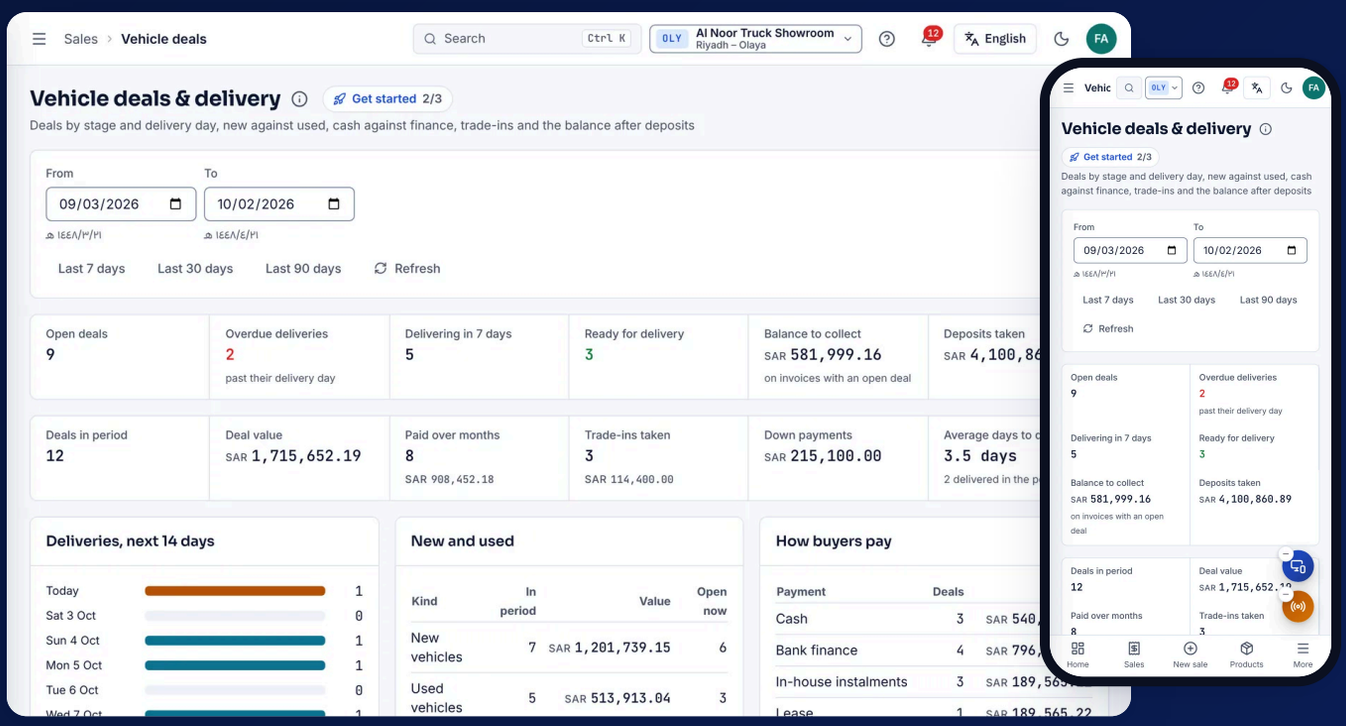

- Truck and bus dealers
- Used truck and heavy equipment yards
- Body builders and trailer makers
- Commercial van and pickup dealers

YOUR DASHBOARD

Vehicle showroom dashboard

Vehicles and services by section and make, the models that sell, add-ons per vehicle, buyers and the amounts still due

COMPLIANCE

ZATCA Phase 2 e-invoicing, built in

- **Cleared and reported.** Tax invoices are cleared and simplified invoices reported, with the status on every invoice.
- **QR code and signed XML** on every invoice, printed or sent on WhatsApp and email.
- **Bilingual tax invoices** in Arabic and English with your CR and VAT numbers.
- **Offline till.** Keep selling when the internet drops; invoices go to ZATCA when you are back online.
- **VAT 15% reports** ready for your return, plus credit and debit notes.

Phase 2 comes with the ZATCA e-invoicing add-on; every store gets the Phase 1 QR code.

OUR MISSION

More than a POS: one platform for your whole business

- Your data, ready for any AI
- Bring your data from your old system
- Talk to your business data
- Sell online — Coming soon
- See your business at a glance
- Work from anywhere, even offline
- Stay compliant at the till
- Every branch on one platform
- Run everything in one place

Speed limiter fitted & certified	**SAR 1,100.00**	Fleet GPS tracker fitted	**SAR 950.00**

Questions owners ask

Can one invoice hold several trucks?
Yes. Add each truck with its own chassis no. and body; every one opens its own deal on the Deals board.

Do you handle fleet leases?
Yes. Choose lease to own or fleet lease with the down payment and the months; the deal shows the amount financed and the monthly payment.

PRICES

Prices on request

Tell us your branches, POS terminals and the add-ons you need, and we send your price per store, with and without 15% VAT.

- Unlimited users and devices
- 2 POS terminals included
- 15-day free trial
- Add only the modules you need
