AT THE COUNTER

Made for the way you sell

Bill a client's monthly bookkeeping package on account, this quarter's VAT return with the period and filing deadline on the line, a payroll run per employee or a year-end audit. Partner and accountant hours go on the same invoice, government fees paid for the client are passed on at cost, and every return, payroll and audit follows on the Jobs board until it is delivered. The Agency dashboard shows the fees billed, the part on retainers, the overdue returns and each accountant's workload and hours.

Monthly retainers on account

Bookkeeping packages by transactions and part-time CFO retainers billed each month, with the start and end on the invoice.

Tax returns with deadlines

VAT, zakat, income and corporate tax returns with the period and filing deadline on each line, named the way your country files them.

Payroll and HR filings

Payroll runs per employee, wage protection files, social insurance filings and end-of-service settlements for each client.

Advisory hours and timesheets

Partner, senior and accountant hours at their own rates, with the accountant on each line so the dashboard shows everyone's hours.

Jobs board

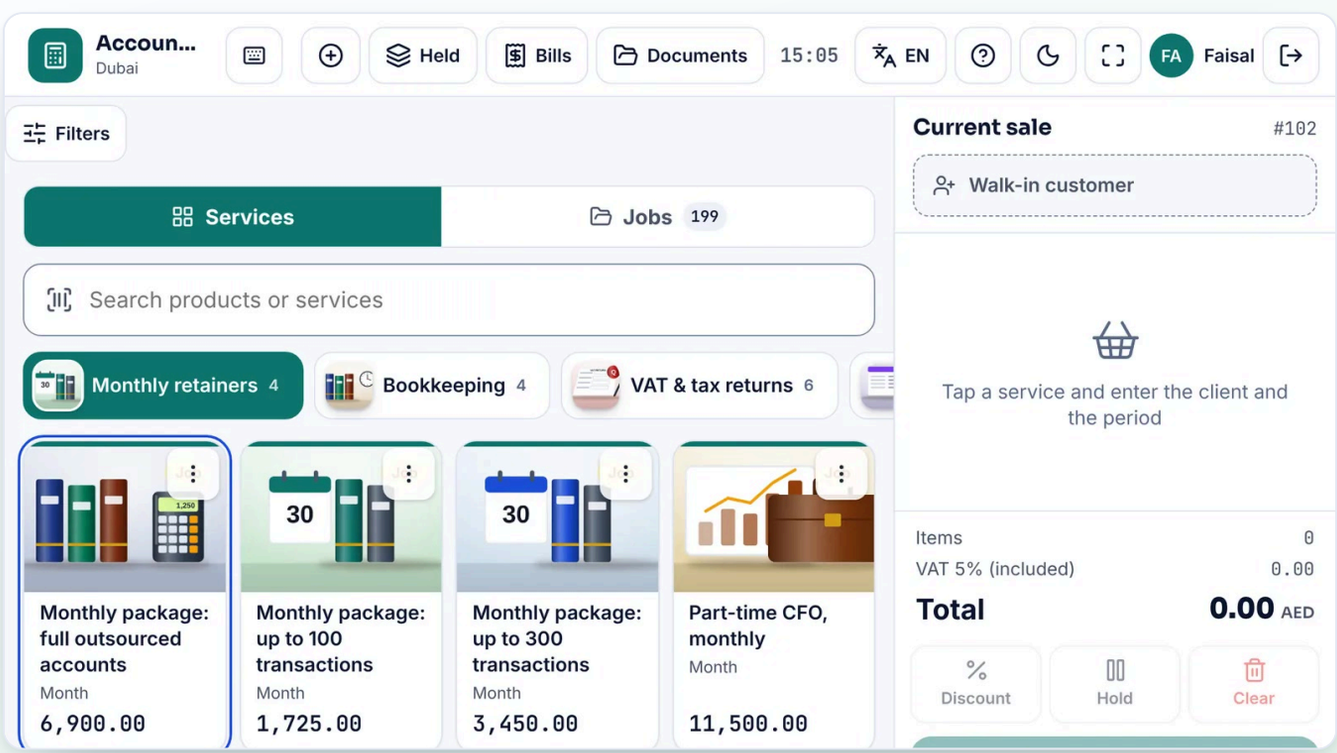

Every return, payroll, audit and retainer moves from documents received to in progress, reviewed or filed, and delivered.

Agency dashboard

Fees billed, retainer share, clients billed, fees by service, top clients, overdue jobs and each accountant's workload and hours.

Ideal for

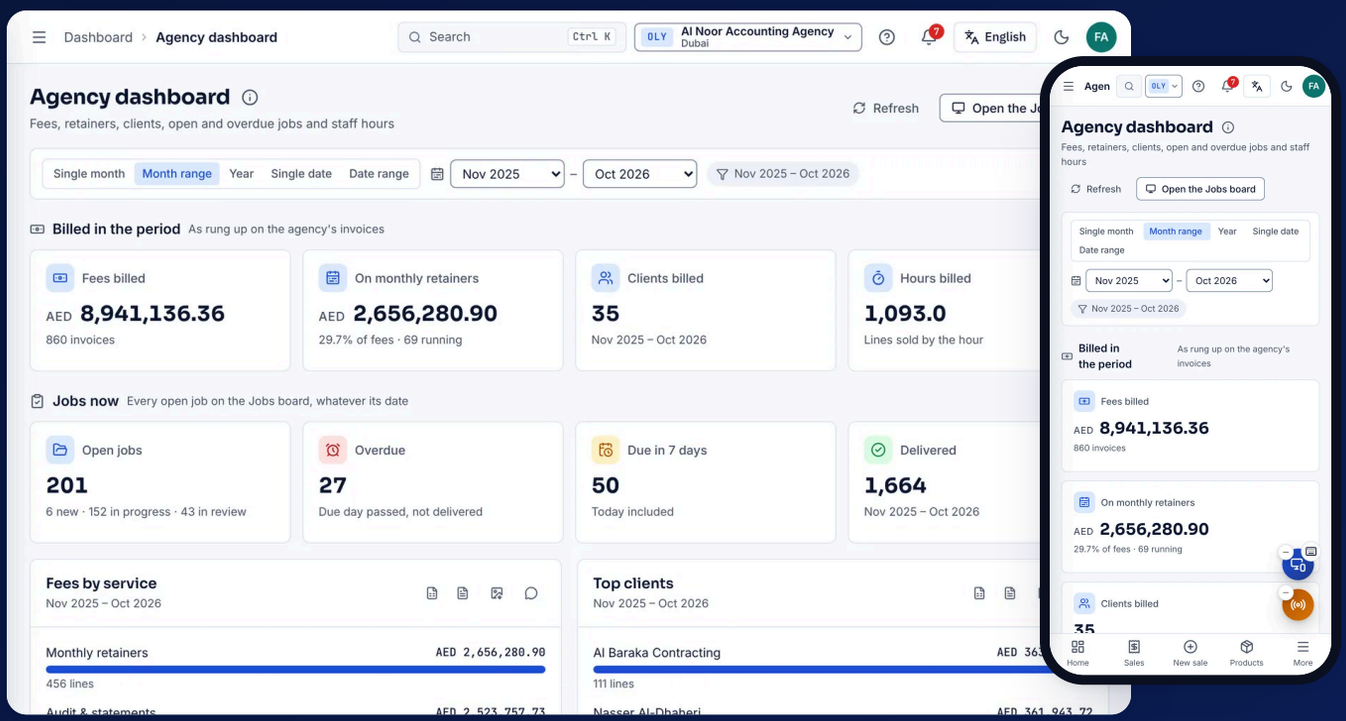

- Accounting and bookkeeping firms
- Tax and VAT consultants
- Audit and chartered accountant offices
- Payroll and outsourced finance providers

Questions owners ask

Can I bill each client a monthly bookkeeping package?
Yes. Bill the month on account with the retainer period on the line; the invoices build up on the client's statement and ageing, and the running retainers show on the Agency dashboard.

How do I see which returns are late?
Each return carries its filing deadline. The Agency dashboard lists every open job past its due day, oldest first, with the accountant in charge.
