AT THE COUNTER

Made for the way you sell

Type a visa application, renew an residence permit or licence, attest a certificate or translate a contract in a few taps. Every service asks for the applicant, passport or document number it needs and prints them on the FTA invoice, and every typing, attestation and renewal job moves along a files board until it is delivered.

Visa and residence permit typing

Visit, work and family visas, exit and re-entry, residence permit and passport renewals, each typed with the applicant and passport number on the invoice.

PRO and government services

Labour, immigration, municipality and chamber transactions, licence renewals and yearly PRO contracts, billed to the company name.

Attestation and translation

MOFA, embassy and chamber attestation, legal translation by the page and police clearance, with the document number on every line.

Company formation

Commercial registration, licences, VAT registration and labour set-up sold as packages or single steps.

Files board to delivery

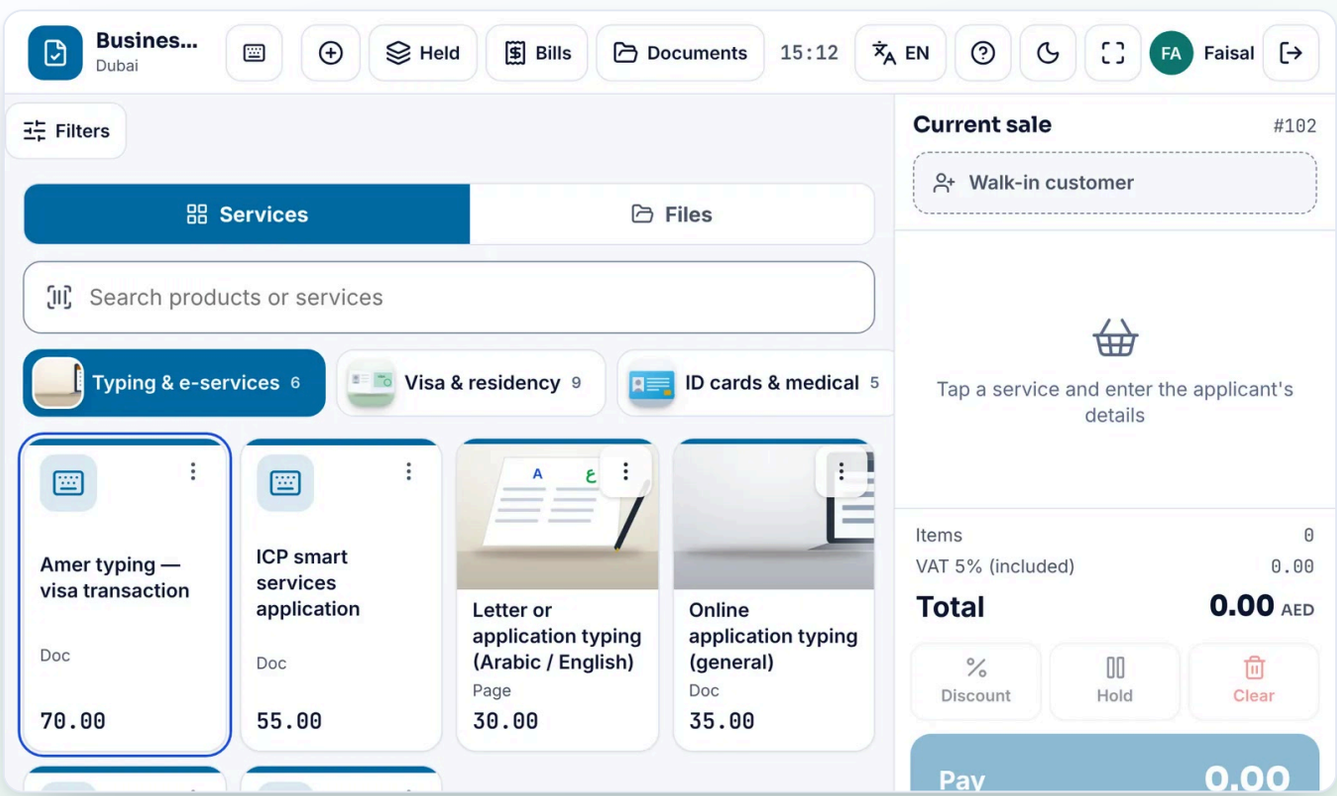

Every paid typing, attestation, renewal and set-up job opens a file that moves from received to submitted, approved and delivered, or rejected.

Tickets, hotels and insurance

Air tickets with PNR, hotel nights and visit-visa medical insurance for walk-in customers, at the fare you type.

Ideal for

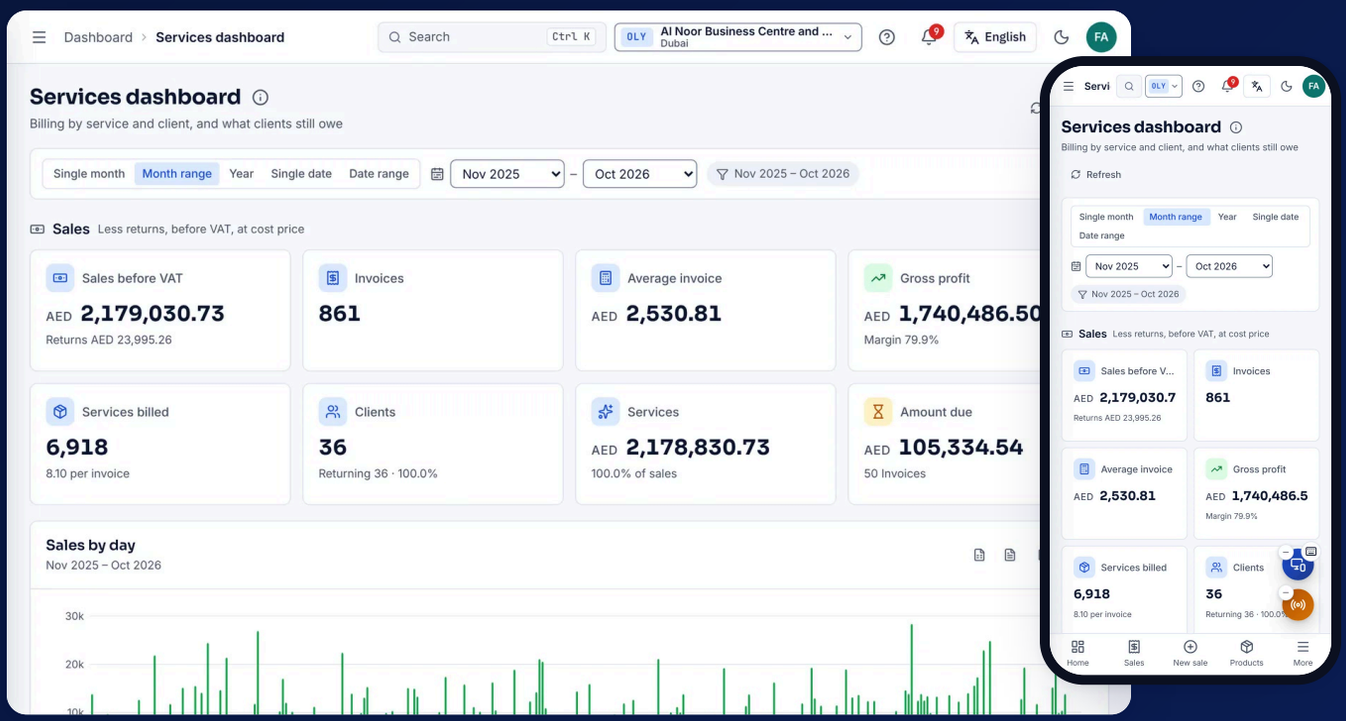

- Business centres and typing offices
- PRO and government-services offices
- Attestation and translation offices
- Company formation consultants
