AT THE COUNTER

Made for the way you sell

Sell a Schengen visa, a Dubai–Dubai ticket or a company formation package in a few taps. Every service asks for the passenger, passport, route, travel date or PNR it needs and prints them on the FTA invoice, and visa and set-up jobs move along a files board until they are delivered.

Visa, passport and residence permit services

Umrah, UAE, Schengen, UK and US visas, exit and re-entry, residence permit renewal and passport renewal, each with the applicant and passport number.

Air tickets with PNR

Type the fare for each booking and record the passenger, route, travel date and PNR on the invoice line.

Tour and Umrah packages

Sell packages per traveller with the lead traveller and departure date, plus hotels, airport transfers and train tickets.

Business set-up services

Company formation, foreign investment licence, commercial registration, VAT registration, labour setup and yearly PRO contracts, billed to the company name.

Files board to delivery

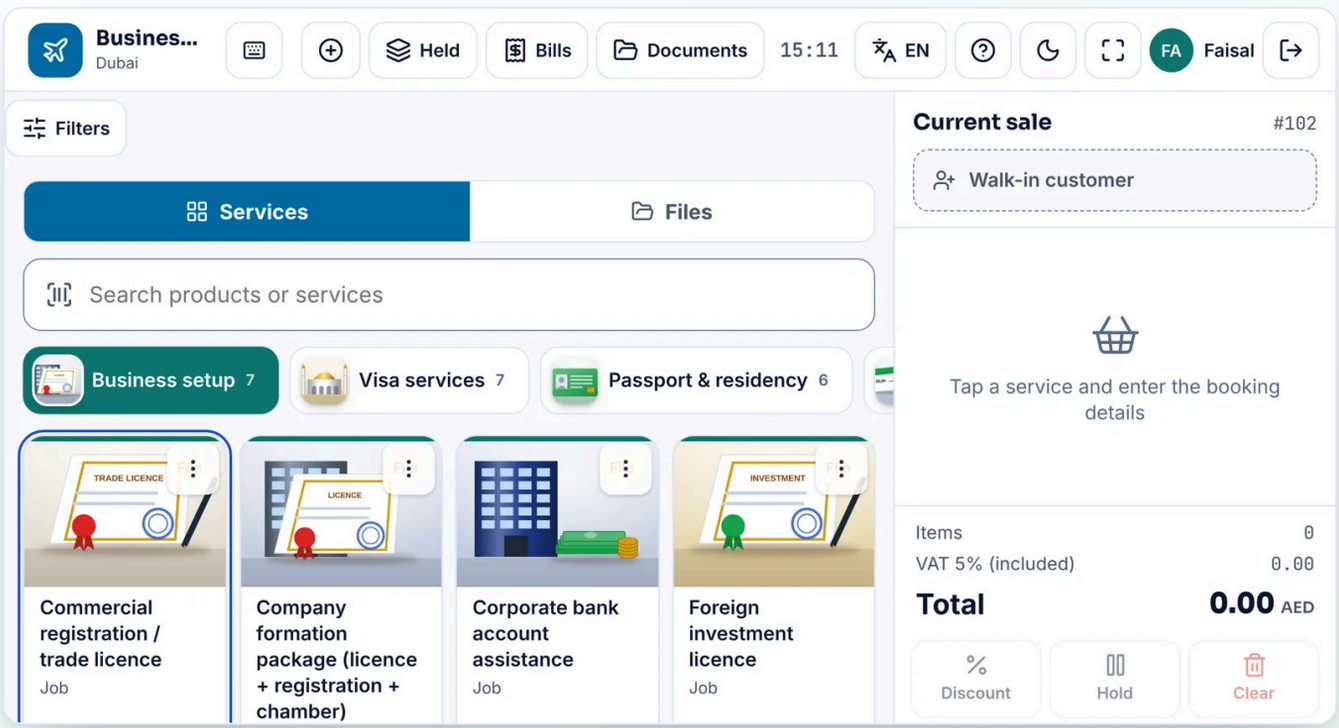

Every paid visa, passport, set-up and attestation job opens a file that moves from received to submitted, approved and delivered, or rejected.

Attestation, translation and insurance

MOFA and embassy attestation, legal translation by the page, police clearance and travel or visit visa medical insurance.

Ideal for

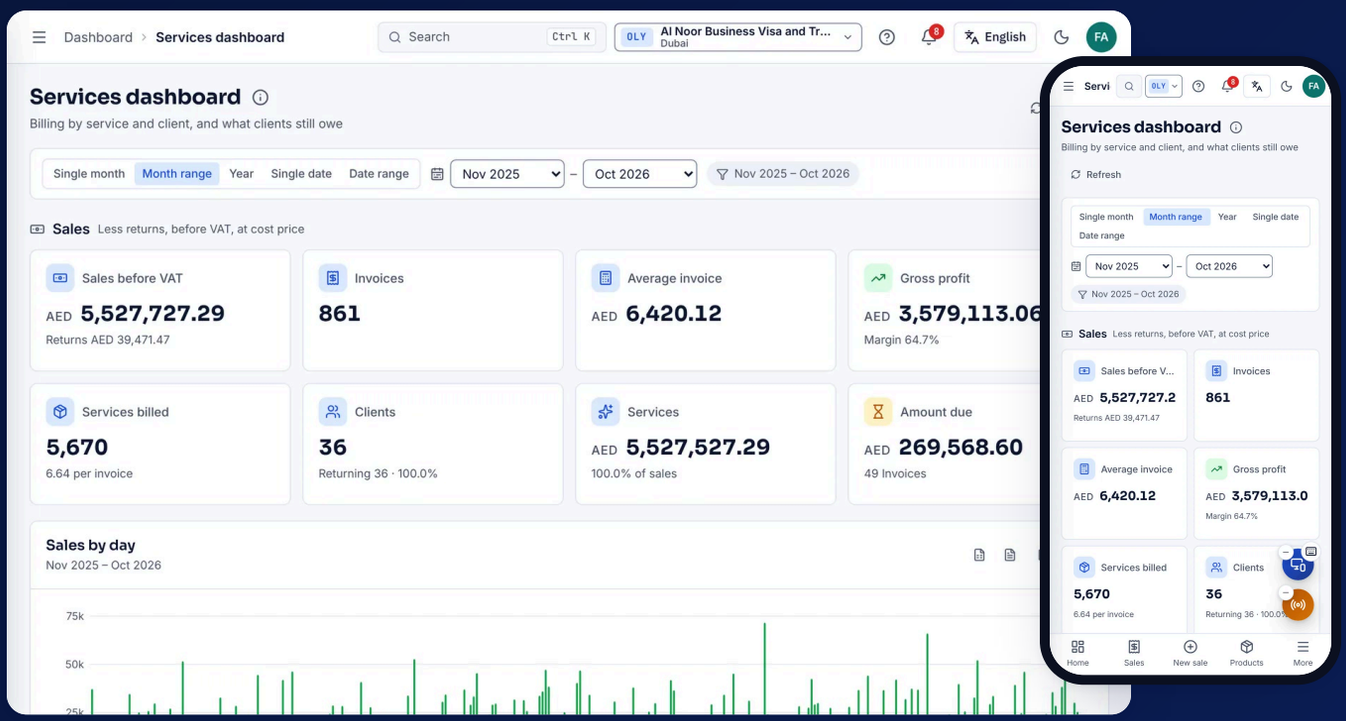

- Travel and tourism agencies
- Visa and passport service offices
- Business set-up and PRO firms
- Umrah and Hajj operators

COMPLIANCE

UAE VAT, done right

- **Tax invoices** with your TRN, your business customers' TRN and the VAT on every line.
- **VAT 201 return** laid out box by box, with your standard rated sales by emirate.
- **FTA Audit File (FAF)** and the sales and purchase tax register, downloaded in a click.
- **Offline till.** Keep selling when the internet drops; everything syncs when you are back online.
- **Credit and debit notes** and returns, with the VAT reversed for you.

The VAT 201 return and the FTA Audit File come with the VAT return add-on.
