AT THE COUNTER

# Made for the way you sell

Bill an examination, a panoramic X-ray, a two-surface filling on tooth 36 or a zirconia crown at the reception desk with the patient, the dentist and the tooth number on the line. Treatments priced per tooth count the teeth, braces and aligner treatments follow on the Treatment plans board until they are finished, and your materials, lab work and every dentist's licence stay in the same system. With the Dental chart add-on, each patient's file shows a chart of the teeth with what was found and what was done on each one.

### Examinations and X-rays

Check-ups, emergency visits, periapical and panoramic X-rays and 3D scans, each billed to the patient by name with the dentist.

### Fillings, root canals and extractions

Priced per tooth with the FDI tooth number on the line: two fillings are a quantity of two, each on its own tooth.

### Implants, crowns and dentures

Implants, porcelain and zirconia crowns, bridges and dentures, with the fitting date on the invoice and the lab that made them among your vendors.

### Braces and aligners

Sell the full treatment with the date the braces are fitted and follow it on the Treatment plans board: in treatment, retention, finished.

### Dental chart add-on

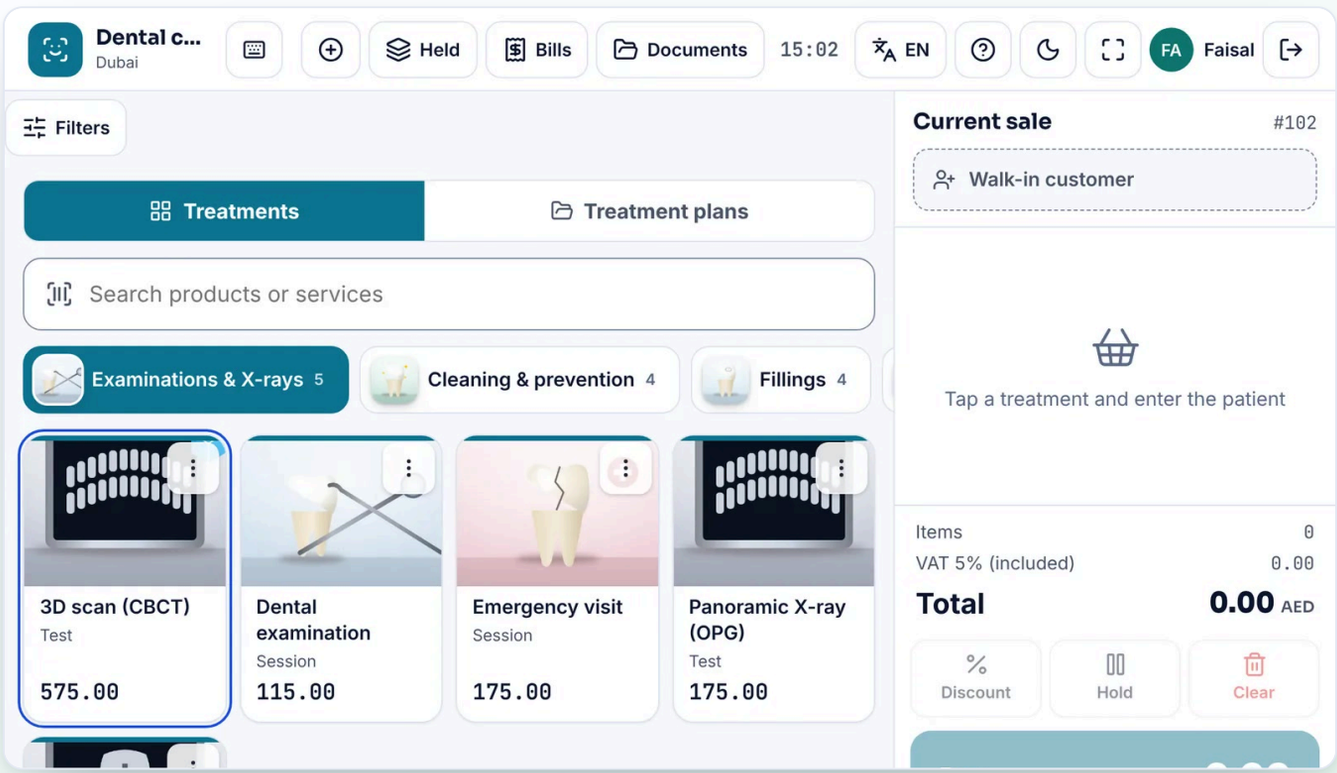

A chart of the 32 adult and 20 child teeth for each patient, with the caries, fillings, crowns and missing teeth found and the treatments planned and done, open only to clinical staff.

### Whitening and veneers

In-clinic and home whitening, porcelain veneers and composite bonding, billed on the same screen.

**Ideal for**

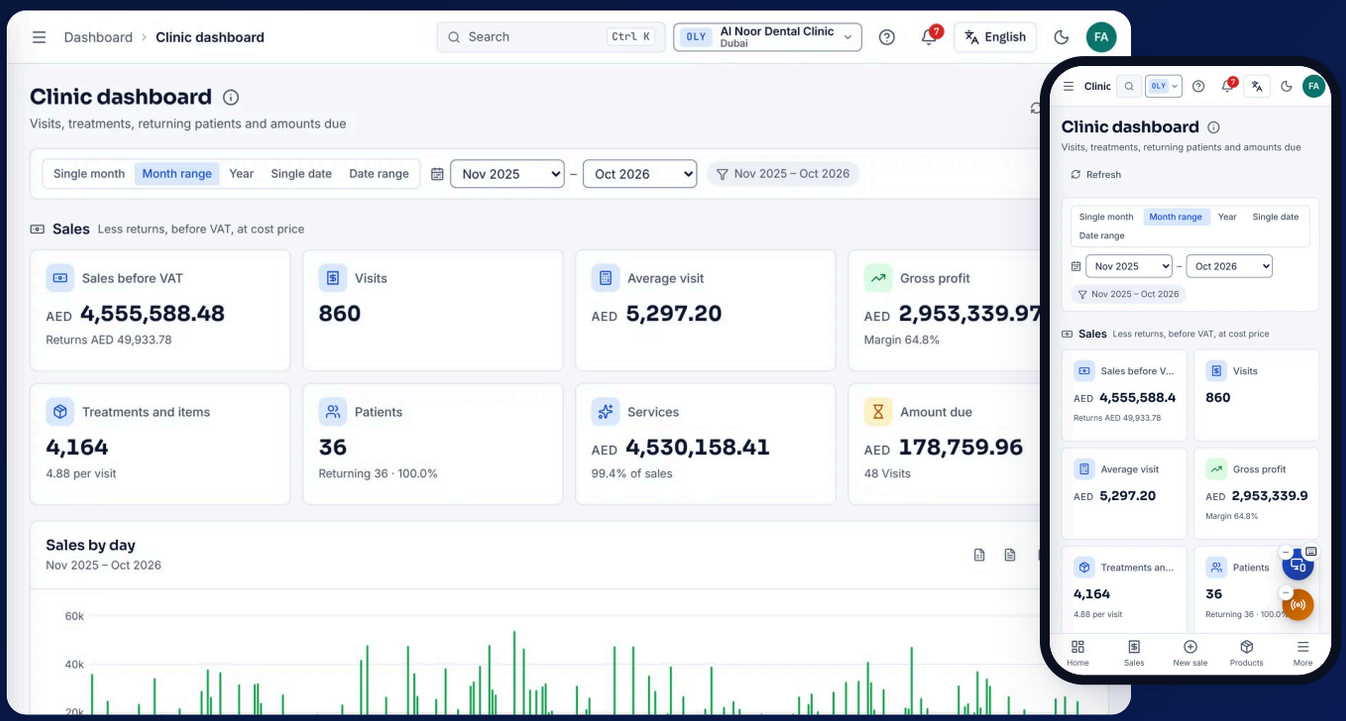

- Dental clinics and centres
- Orthodontic clinics
- Implant and cosmetic dentistry
- Paediatric dentists

YOUR DASHBOARD

# Clinic dashboard

Visits, treatments, returning patients and amounts due

COMPLIANCE

# UAE VAT, done right

- **Tax invoices** with your TRN, your business customers' TRN and the VAT on every line.
- **VAT 201 return** laid out box by box, with your standard rated sales by emirate.
- **FTA Audit File (FAF)** and the sales and purchase tax register, downloaded in a click.
- **Offline till.** Keep selling when the internet drops; everything syncs when you are back online.
- **Credit and debit notes** and returns, with the VAT reversed for you.

The VAT 201 return and the FTA Audit File come with the VAT return add-on.

OUR MISSION

# More than a POS: one platform for your whole business

- Your data, ready for any AI
- Bring your data from your old system
- Talk to your business data
- Sell online — Coming soon
- See your business at a glance
- Work from anywhere, even offline
- Stay compliant at the till
- Every branch on one platform
- Run everything in one place

## Sample items from the demo store

| | | | |
|---|---|---|---|
| Dental examination | **AED 115.00** | Scaling & polishing | **AED 290.00** |
| Composite filling, one surface | **AED 290.00** | Root canal, molar | **AED 1,610.00** |
| Zirconia crown | **AED 2,300.00** | Clear aligners, full treatment | **AED 14,950.00** |

## Questions owners ask

**Can I put the tooth number on the invoice?**
Yes. Each treatment line takes the FDI tooth number (11 to 48 for adult teeth, 51 to 85 for a child's) with the patient and the dentist.

**Can I follow a braces treatment that lasts two years?**
Yes. Sell it with the date the braces are fitted; it opens on the Treatment plans board and moves on to retention and finished, and each adjustment visit is billed as it comes.

PRICES

## Prices on request

Tell us your branches, POS terminals and the add-ons you need, and we send your price per store, with and without 5% VAT.

- Unlimited users and devices
- 2 POS terminals included
- 15-day free trial
- Add only the modules you need
