AT THE COUNTER

Made for the way you sell

From AED 2 trinkets to oud gift sets: sell unnamed items with price-point keys, build gift boxes with ribbon and card, and switch to wholesale prices automatically for bulk buyers.

Everything for AED 2, 5, 10 or 20
Price-point keys sell unlabelled items by count, so a busy counter never stops to look up a code.

Gift box builder
Pick a box or basket, ribbon colour and card message, then add the items that go inside.

Occasion collections
Filter the catalogue for Eid, Ramadan, National Day, graduation, newborn and back to school.

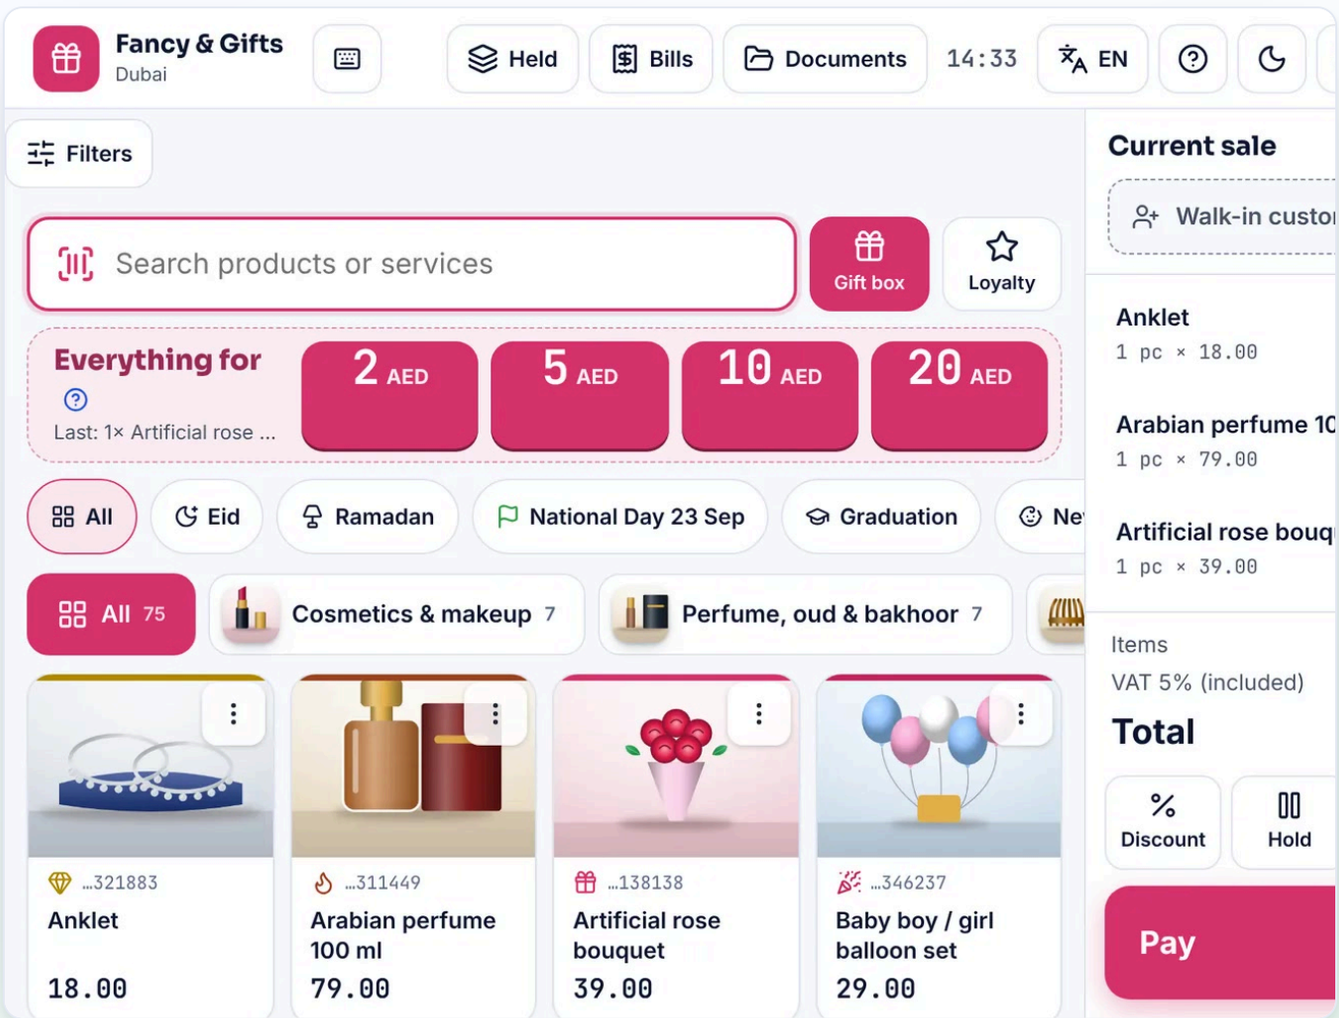

Automatic wholesale price
Buy 12 pieces or more of an item and the wholesale price applies on its own.

Loyalty points
Customers earn points by mobile number and redeem them as a discount on a later bill.

Barcode-first checkout
Scan perfumes, cosmetics and toys straight from the box with live stock per item.

Ideal for

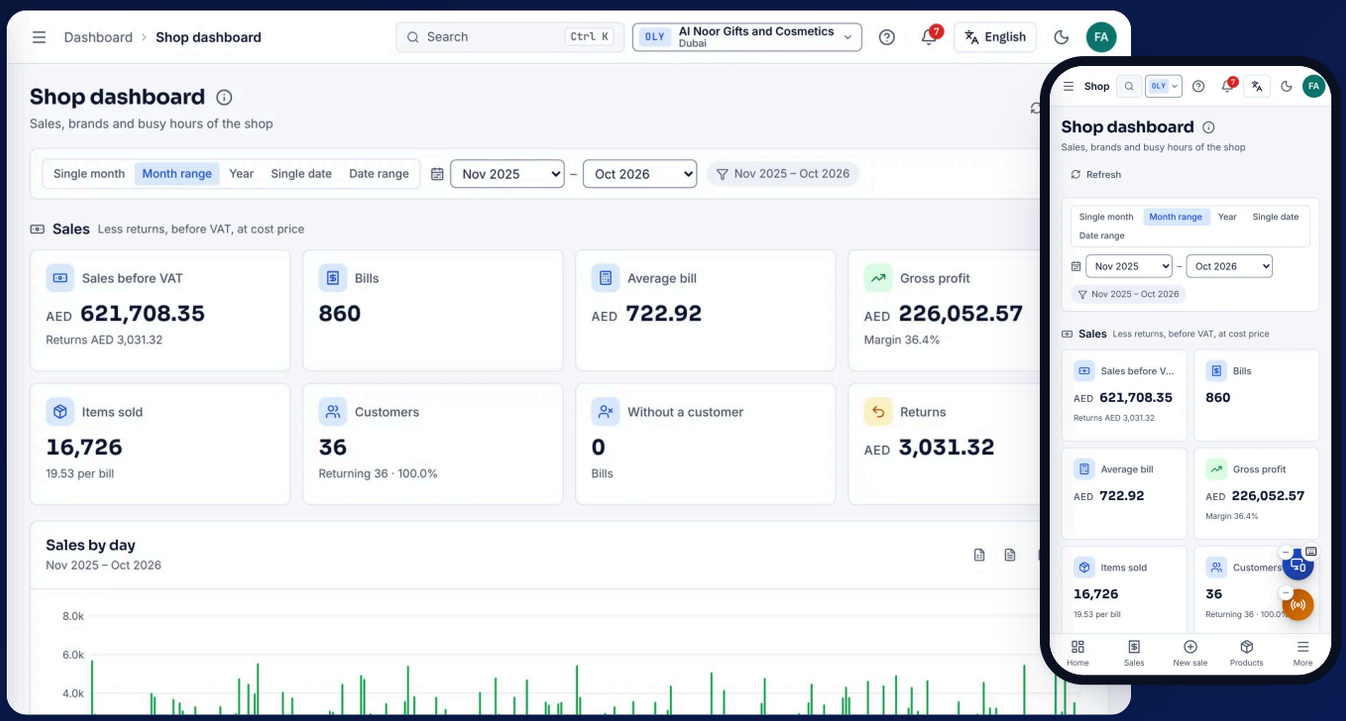

Kamaliyat and gift shops · Perfume and oud stores · Cosmetics shops · Toy and stationery shops

COMPLIANCE

UAE VAT, done right

- **Tax invoices** with your TRN, your business customers' TRN and the VAT on every line.
- **VAT 201 return** laid out box by box, with your standard rated sales by emirate.
- **FTA Audit File (FAF)** and the sales and purchase tax register, downloaded in a click.
- **Offline till.** Keep selling when the internet drops; everything syncs when you are back online.
- **Credit and debit notes** and returns, with the VAT reversed for you.

The VAT 201 return and the FTA Audit File come with the VAT return add-on.

Questions owners ask

Can I sell items that have no barcode?
Yes. The AED 2, 5, 10 and 20 price-point keys add unlabelled items by count at a fixed price, while barcoded items scan normally.

Does it handle wholesale customers?
When 12 or more pieces of the same item are on the bill, the wholesale price is applied automatically.
