AT THE COUNTER

Made for the way you sell

Sell a floor sofa and a rug with delivery on one invoice, or take a made-to-order sofa in the customer's fabric with a deposit and a promised day. Curtain measuring, fitting and styling are services on the same bill, and every order moves to ready and delivered on the Orders board.

Every piece with style, size and fabric

Style, size and material show under each product and work as POS filters, with pictures for every category and brand that you can replace with your own.

Made to order

Sofas in the customer's size and fabric, made-to-measure curtains and custom tables take the customer, site, fabric and promised day, with a deposit.

Delivery, fitting and styling

Delivery and assembly, curtain fitting, styling consultations and re-upholstery are services followed until done.

Showroom orders dashboard

With the Showroom orders & fittings add-on: orders by stage, the overdue ones, the next 14 days' deliveries and the balance after deposits.

Scan or tap, with pictures

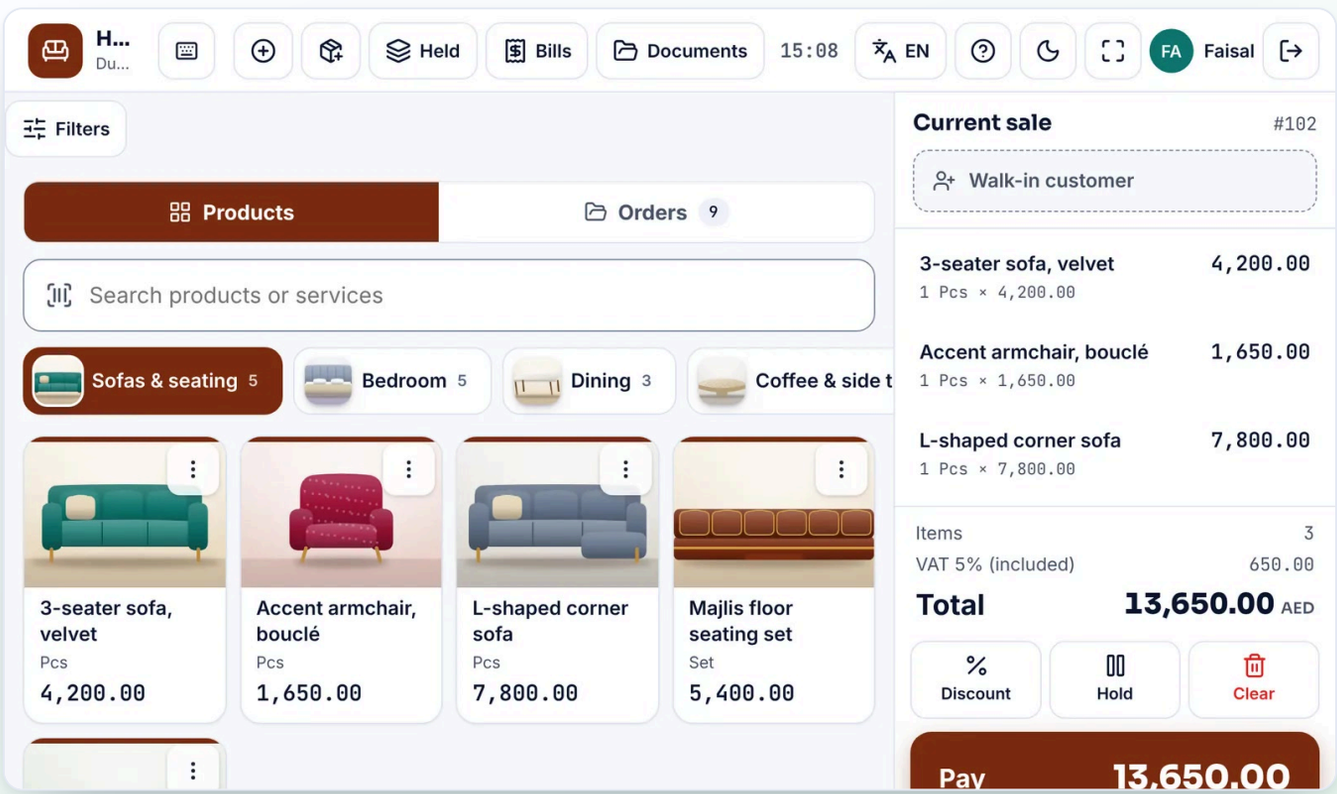

Scan a tag or tap a sofa's picture; categories and brands show pictures too, and you can upload your own.

FTA invoices with deposits

Floor sales, deposits and deliveries print on a VAT-ready tax invoice in Arabic and English.

Ideal for

- Furniture and sofa showrooms
- Curtain and blinds shops
- Rug and home decor stores
- Majlis and bedroom furniture traders

- **Offline till.** Keep selling when the internet drops; everything syncs when you are back online.

Questions owners ask

Can the customer pay a deposit and the rest on delivery?
Yes. The deposit is a part payment on the invoice; the balance shows on the Showroom orders dashboard until it is collected on delivery.

Does it work for curtain shops?
Yes. Sell fabric and rods from stock, and take measuring, made-to-measure curtains and fitting per window as orders.
