AT THE COUNTER

Made for the way you sell

Pick Accord, Civic, City, CR-V, Pilot, HR-V or Odyssey and the year, and the counter shows the parts that fit, down to the right gearbox fluid: HCF-2 for a CVT Civic, DW-1 for an automatic Accord. The Honda oil filter sits next to the Mahle one that replaces it, each with its stock and margin.

Honda models and years
Accord, Civic, City, CR-V, Pilot, HR-V and Odyssey, each part with the years it fits.

The right fluid for each gearbox
CVT fluid HCF-2 and ATF DW-1 carry their models, so the counter never sells the wrong one.

Genuine and aftermarket
Mahle, Akebono, Aisin, Gates, Denso and Koyo parts name the Honda numbers they replace.

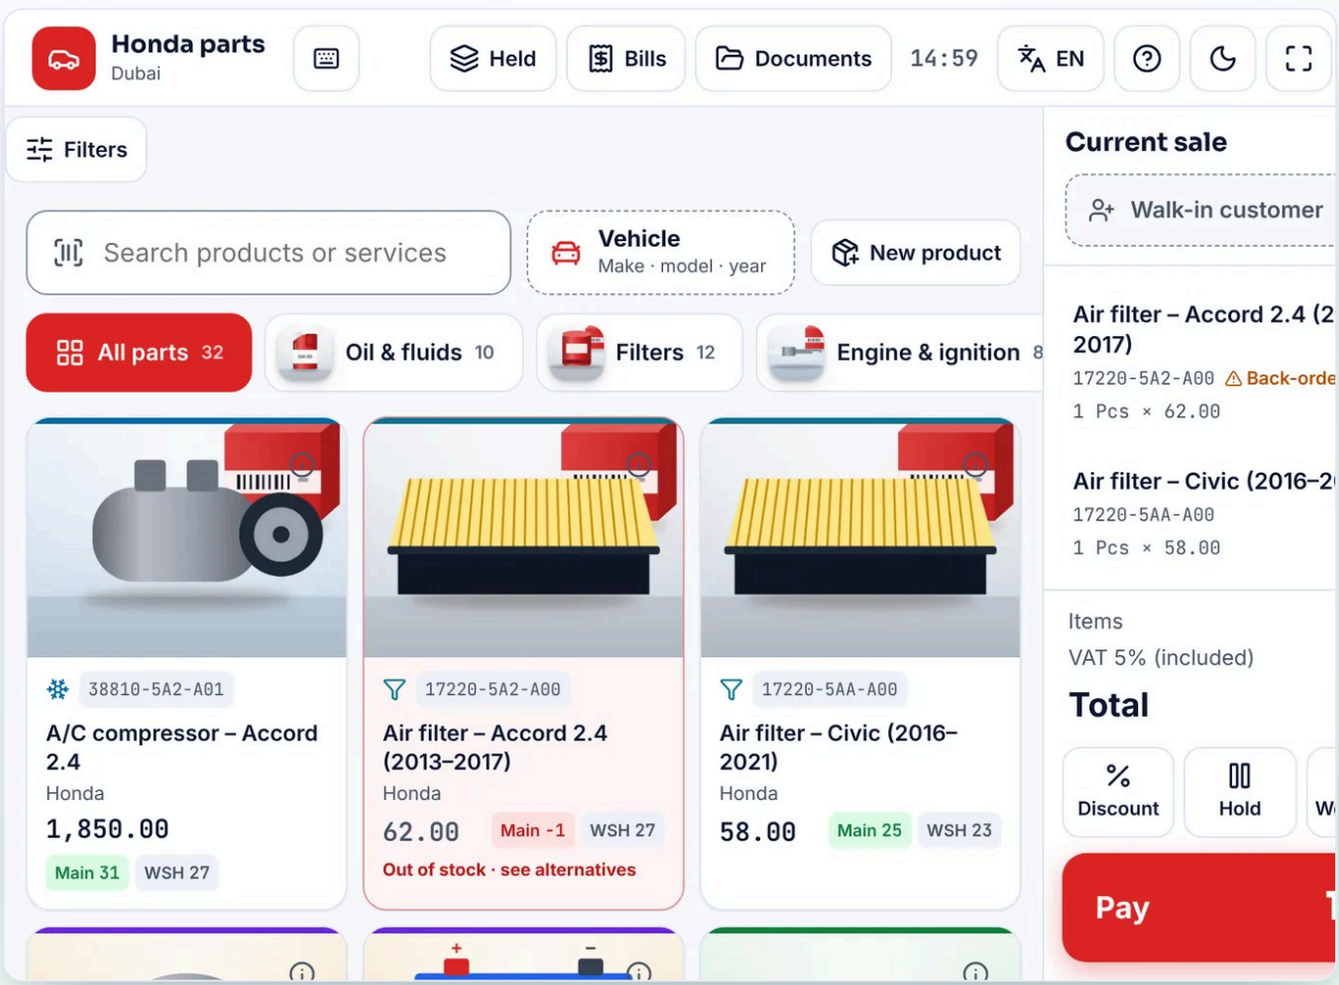

Spare parts dashboard
Genuine against aftermarket, top part numbers and the reorder list.

Stock by warehouse and rack
Live stock with rack and minimum for every part.

Counter sale to job card
Send a service or brake job to the workshop with its parts and labour.

Ideal for

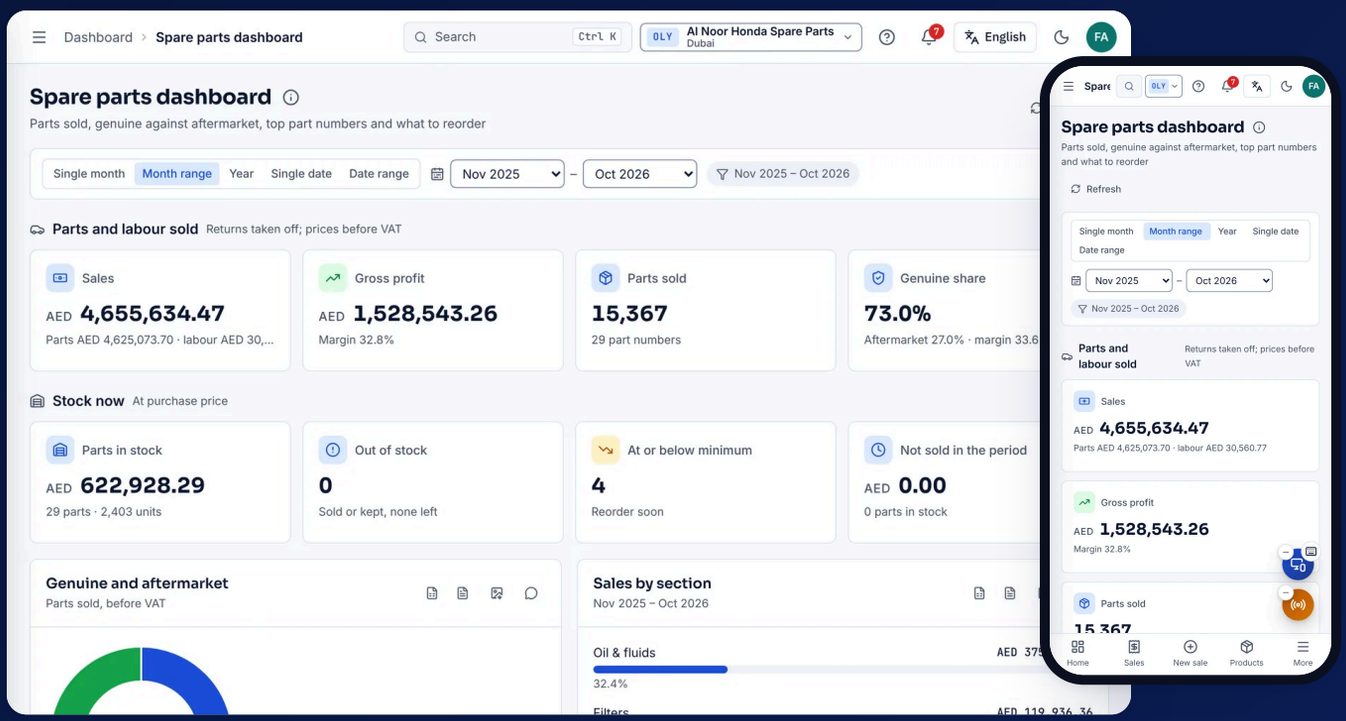

Honda parts shops · Japanese car parts specialists · Service and oil change centres · Fleet parts counters

Questions owners ask

Does it know which Honda takes CVT fluid?
Each fluid keeps the models and years it fits; with the customer's car picked, “Fitting only” shows just the right one.

Can I add my own Honda parts?
Yes. Add a part from the POS or the products screen with its part number, class, fitment and price.
