AT THE COUNTER

Made for the way you sell

Bill a GP or specialist consultation, a blood test, a chest X-ray or a dental filling at the reception desk with the patient's name, the doctor and the date the results are ready on the line. Sell health checks and care plans, follow each one on the Care plans board until it is closed, and keep your consumables, lab supplies and every doctor's licence in the same system. With the Patient records add-on, doctors keep each patient's visits, vital signs and ICD-10 diagnoses, seen only by clinical staff.

Consultations

GP, specialist and paediatric consultations, follow-up visits, teleconsultations and home visits, each billed to the patient by name with the doctor.

Laboratory and imaging

Blood counts, sugar and HbA1c, lipid, liver, kidney and thyroid tests, X-ray and ultrasound, with the date the results are ready on the line.

Dental work

Examination, scaling, fillings, extractions, root canals and whitening, with the next visit on the invoice.

Health checks and care plans

Executive and basic health checks, pre-employment medicals, diabetes care plans and antenatal packages, followed on the Care plans board.

Patient records add-on

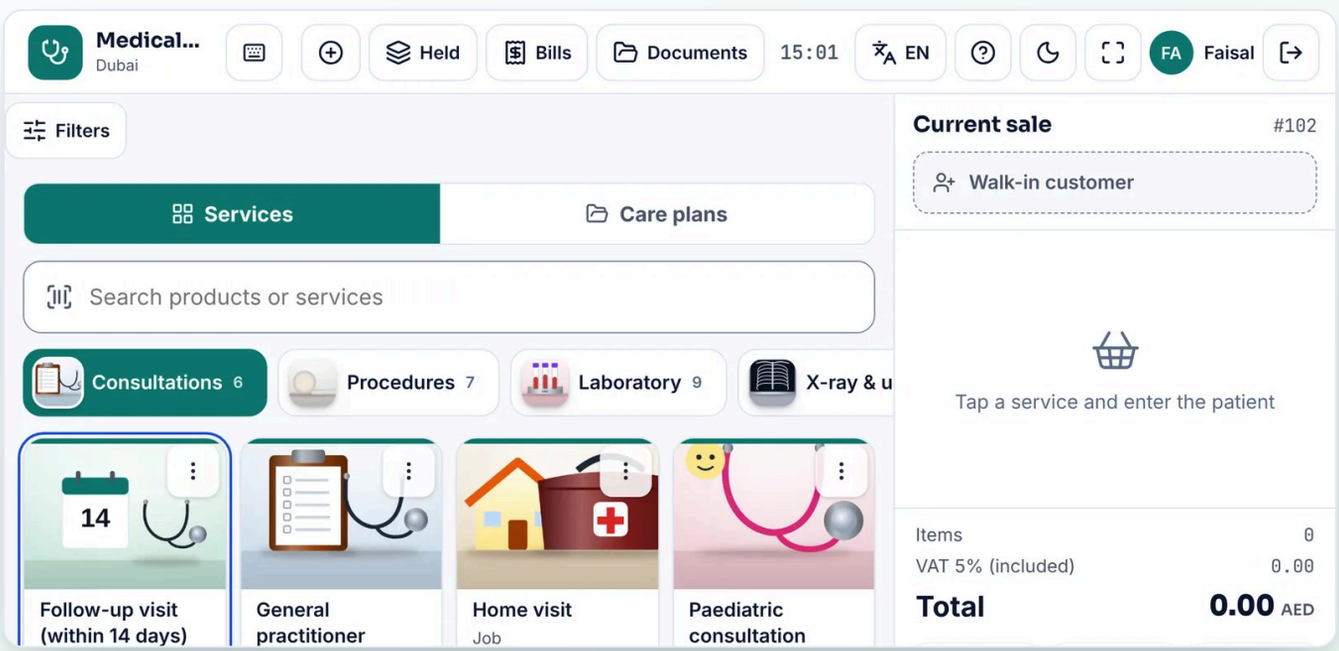

Each patient's allergies, chronic conditions, visits, vital signs and ICD-10 diagnoses, open only to the doctors and nurses you allow, with every look logged.

No diagnosis on the invoice

Only the patient, doctor and dates are printed; nothing about the patient's condition goes on the invoice.

Ideal for

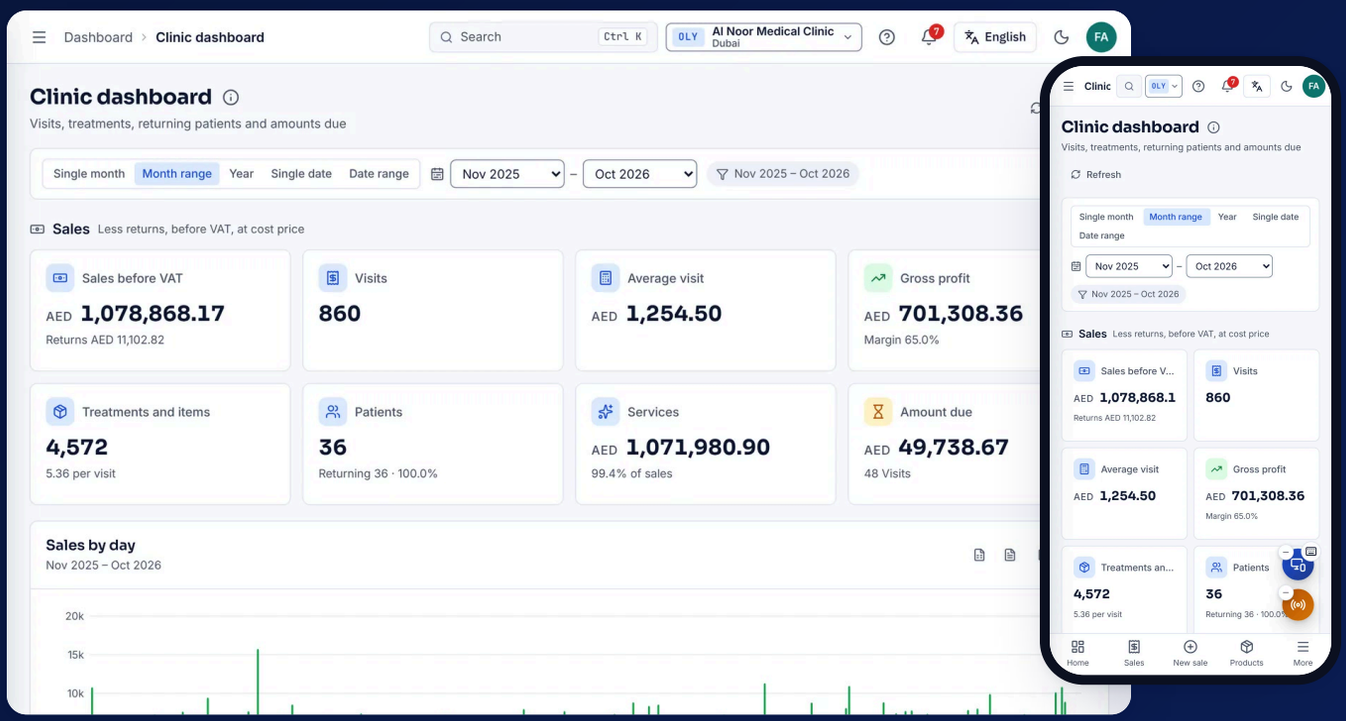

- General practice and family medicine clinics
- Polyclinics and medical centres
- Specialist clinics
- Clinics with their own laboratory and X-ray

COMPLIANCE

UAE VAT, done right

- **Tax invoices** with your TRN, your business customers' TRN and the VAT on every line.
- **VAT 201 return** laid out box by box, with your standard rated sales by emirate.
- **FTA Audit File (FAF)** and the sales and purchase tax register, downloaded in a click.
- **Offline till.** Keep selling when the internet drops; everything syncs when you are back online.
- **Credit and debit notes** and returns, with the VAT reversed for you.

The VAT 201 return and the FTA Audit File come with the VAT return add-on.

Questions owners ask

Does the invoice show the patient's diagnosis?
No. The invoice line carries the patient's name, the doctor and the dates only. Diagnoses stay in the Patient records add-on, open only to clinical staff.

Can I sell a health check and follow it until the results are given?
Yes. Sell it with the start date; it opens on the Care plans board and moves on to results given and closed.
