AT THE COUNTER

Made for the way you sell

Tap a synthetic oil change, type the plate and odometer and the next service kilometre prints on the invoice. Add four 205/55 R16 tyres with fitting and balancing, the tyre size and DOT week on the job, and an inside-and-out wash to the same bill, and the car moves from waiting to in the bay, ready and collected on the Bays board.

Oil change packages

Synthetic, semi-synthetic and SUV packages with oil and filter, or labour only when the customer brings the oil.

Plate, odometer and next service

Each oil change asks for the plate, the odometer reading and the next service kilometre and prints them on the invoice.

Oils by viscosity and pack size

0W-20 to 20W-50, 1, 4 and 5 litre cans, full synthetic, semi-synthetic or mineral: on every product and as POS filters, scanned from the can.

Tyres by size and brand

Tyres from 175/70 R13 to 285/50 R20 with their load and speed index, passenger, run-flat, SUV and van types, by brand: on every product and as POS filters, with Vehicle fitment for the sizes each car takes.

Fitting, balancing and alignment

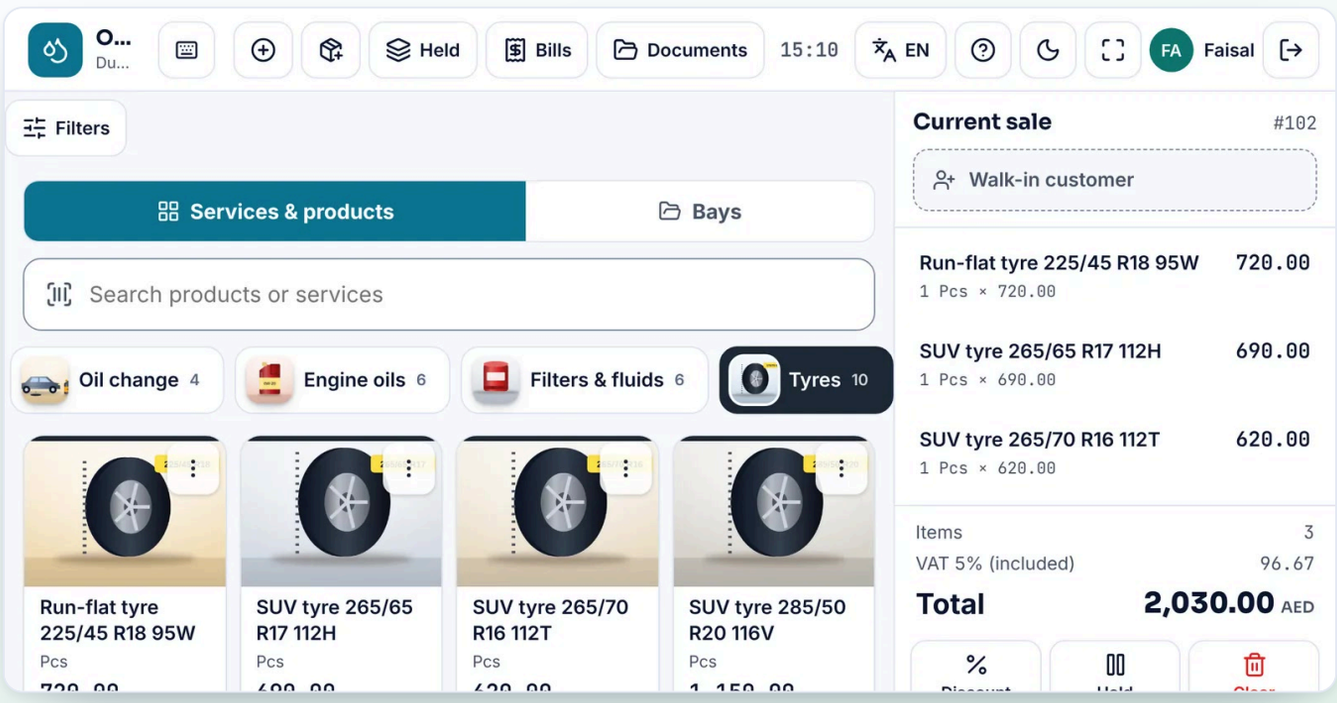

Fitting and balancing per tyre or for a set of four, wheel alignment, rotation, rim straightening, TPMS sensors, valves and old tyre disposal, each tyre job with the plate, odometer, tyre size and DOT week.

Washes and detailing

Exterior, inside-and-out, SUV, engine and underbody washes, polish and wax, interior shampoo, ceramic coating and tint.

Ideal for

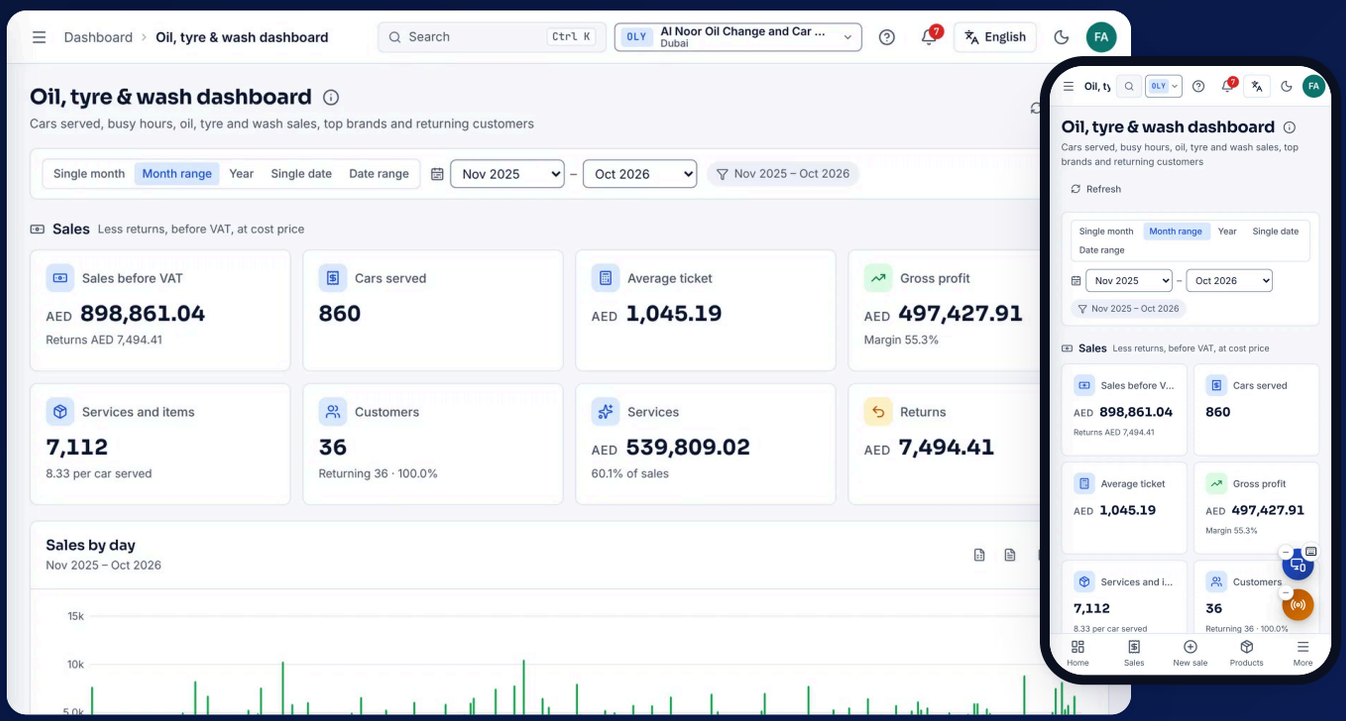

Quick lube and oil change centres · Tyre shops and tyre fitting centres · Car wash stations · Detailing and tinting studios · Petrol station service bays

COMPLIANCE

UAE VAT, done right

- **Tax invoices** with your TRN, your business customers' TRN and the VAT on every line.
- **VAT 201 return** laid out box by box, with your standard rated sales by emirate.
- **FTA Audit File (FAF)** and the sales and purchase tax register, downloaded in a click.
- **Offline till.** Keep selling when the internet drops; everything syncs when you are back online.
- **Credit and debit notes** and returns, with the VAT reversed for you.

The VAT 201 return and the FTA Audit File come with the VAT return add-on.

Questions owners ask

Does the next oil change print on the invoice?
Yes. The plate, odometer and next service kilometre you type print on the oil change line.

Is oil stock counted?
Yes. Oils, filters, fluids and tyres are products with stock and purchase prices; the labour, tyre fitting and washes are services.
