Unlock your unused data

Move years of records out of old desktop software (.NET and SQL Server apps, Tally) with Excel import or our AI migration agent, then open them to StartAI or any AI agent through MCP and API.

Move in from your old system: its invoices, returns, bills and opening trial balance, checked against its own totals

Products, customers and vendors with their opening stock and balances come over with Import from another system; this screen brings the documents and the trial balance.
